EXCHANGE SERVICES (Cont'd)

DIAL TONE LINE (Cont'd)

2. Two components are used in determining business exchange service rates: The dial tone line and local usage option. Therefore, in addition to a dial tone line subscription, the customer also must subscribe to a local usage option.
3. Local usage is provided to customers under options which differ in the manner in which their usage is rated. The usage options and rates are as specified in Flat Rate Service following. With all options, the customer may receive an unlimited number of incoming calls, at no additional charge.
4. Monthly increments will be applied to those customers located outside of the base rate area. These charges are in addition to monthly rates and usage charges specified herein.
5. Loop Diversity and/or Avoidance defined in the Access Tariff are available with individual business access lines.
 - a. Customers subscribing to Loop Diversity must also have additional facilities for the diverse route.
 - b. Customers subscribing to Avoidance may also be required to pay Foreign Central Office charges, as defined in the Access Service Tariff.

6. Monthly Rates

| | Monthly Rate |
|--------------------------|-----------------|
| Individual business line | \$ 15.35 |

FLAT RATE SERVICE

1. This service entitles customers to an unlimited number of calls within the local calling area. Incremental charges, as shown in Section 4, apply to service outside the exchange base rate area.
2. The service and equipment charge associated with the provision of flat rate service applies:
 - to install each access line;
 - for connecting an access line when changing a grade of service from PBX service.

3. Rates and Charges
