PIERCE PROPOSED AMENDMENT NO. 2

ORIGINAL

TIME/DATE PREPARED: 11:30AM / December 11, 2013

COMPANY: UNS Electric, Inc.

AGENDA ITEM NO. 27

DOCKET NO(S). E-04204A-12-0219

OPEN MEETING DATE: December 17-18, 2013

The purpose of this proposed amendment is to direct Staff to re-calculate the cost effectiveness of the EE Plan's measures. Also, the amendment makes it clear that the Commission may reset the DSM Surcharge at any future time after consideration of the results of Staff's re-calculation of the cost-effectiveness of all of UNS Electric's measures included in its 2013 EE Plan.

Re-Calculation of the EE Plan's Measures' Cost-Effectiveness for Purposes of a Possible Early Reset of the DSM Surcharge

48. We find that it is important and in the public interest to ensure that only EE measures that are truly cost effective continue to be funded.

49. Because UNS Electric's EE Plan's measures' cost effectiveness has not been recently re-calculated, we find it reasonable and necessary to direct Staff to review and re-calculate the cost effectiveness of all of the measures included in 2013 EE Plan. By (date), Staff shall file a report on its review of the measures, and include recommendations based on its re-calculations for possible early reset of the DSM Surcharge. Interested parties and stakeholders shall file any comments on the Staff report and recommendations by (date).

50. Although we initially set the DSM Surcharge in this order as recommended by Staff, we find the DSM Surcharge approved herein interim and subject to possible early reset upon further Commission consideration of the Staff report and comments concerning the re-calculation of the cost effectiveness of the EE Plan's measures.

Page 17, Line 7: INSERT new Ordering Paragraph:

IT IS FURTHER ORDERED Staff shall re-calculate the cost effectiveness of all of UNS Electric's EE Plan's measures and file a report and recommendations by (date). Interested parties and stakeholders shall file any comments on the Staff report and recommendations by (date).

IT IS FURTHER ORDERED that DSM Surcharge set herein is interim and subject to possible early reset.

*** Please make all conforming changes.
