I have wrote many letters and never sent one. I thought the C.C. was too protect the people. In two years there has been 14 wells dug in Mesa Del. Didn't Hardcastle say they would have to spend to much money too dig their wells deeper. Then if you call the number on the bill you receive-it is Brooks. Are people really that stupid. Paysons paper Aug 2, 2013 says, "People moved out of Mesa Del so the rest of the people have to make up for the water not being used," and the wells being dug".

Payson also is the one that wanted SRP water for more growth. Got four grants to pay for the pipe, then left it in Phoenix until they needed it. Paying for storage instead of bringing it to Payson. Now they are going to make people of Mesa Del payout the noise (118%) for water. Why threw the years you have not done your job and investigated Brooks & HardCastle now JW Water Holding LLC? People left in Mesa Del are elderly, retired, people, who have no one to protect them from Greedy Corporations.

One well was dug no 50 feet from the well in the park. They went down 400 feet. Another well was dug by another Brooke well, they also got water at 425 feet. Payson has also raised taxes in Mesa Del, because of the pipe line, because they want growth.

Where does it end- thoughts who have no well, move out? Please, work for the people investigate what has been going on for years too the people in Mesa Del.

Thank you  
Clayette Gonzalez
