Nature of Complaint:

Docket No. E-01345A-13-0248

It has come to my attention that APS has suggested additional mandates regarding the grandfathering of charges for installations of solar systems. It was agreed upon that all contracts and residential systems completed prior to 1-1-14 would be grandfathered with respect to grid maintenance costs. They have added additional contingencies for customers contracting and/or completing solar systems. There are 600 to 800 residential contracts that would be impacted by this proposal.

Please support those customers that should be excluded from grid maintenance obligations as originally proposed. Please support the people of Arizona who are in the process of adding Solar Systems.

Clarence F Novotny M.D.

Pine Arizona 85544
