To The Commissioners:

I got the briefs about Montezuma Rimrock Water Company dated October 4, 2013 and September 20, 2013 regarding the complaints John Dougherty filed against the water company. Those papers are from your meetings where you let John Dougherty and Ivo Buddeke call the shots. It is unbelievable that those two gangsters have a right to claim they talk for the 240 homeowners in this subdivision. They already made people move out who were harassed by those two. John Dougherty has stalked me several times in front of my house. As you all know those two are not on the water company and I hope they will never get a drop of water from Montezuma Rimrock Water Company. It is unbelievable that all of you, including your appointed judge gave those so much time to use our judicial system for their own purpose. We the people in this subdivision never gave them the power to represent us. When is this going to stop? The water company had to come to you for approval for the increase to pay for the arsenic treatment. SRP and Arizona Water company have done the same. I know for a fact that Arizona Water's big new well is not very far from the Montezuma Well. I was told from people from Lake Montezuma that they have to pay a \$50.00 a month <sup>extra charge</sup> bill, and that was at least 4 years ago. I do not understand any of you not helping Montezuma Rimrock Water Company to get her the increase. The longer you wait, you are helping John Dougherty with this harassment. I will never understand why those two have to harass Patsy Olsen and us. I have to live here and the harassment has to stop. You are the ones who can do it. So, please help us to bring peace in our neighborhood and let us live. Life is hard enough.

Sincerely,
