Re; APS Smart meters

To whom it may concern:

I have been researching & looking into the so called "smart meters". And I have decided, due to the high health risk & the loss of privacy thought electronic surveillance, that I do NOT want a smart meter on my home. I have posted large signs on my meter, stating that I do Not want a smart meter. I also have, digital, dated photo's showing the signs on my property & I have notified APS in writing.

I truly, hope that these meters will not be "forced" upon us by corporate greed. When making your decision on this matter PLEASE, consider the property rights of home owners, voters & tax payers, not have their health & privacy put at risk. Your consideration will be greatly appreciated. Thank You.

Sincerely,

Carol Wynne
