Docket: Payson Water Co.

As retired residents of East Verde Park, we are very concerned about PWC placing their Curtailment Program against us. There is no guarantee that they wouldn't financially abuse us as they have other communities. A very large portion of EVP are seniors on fixed incomes.

We have asked the owners of the water company to make improvements to our 50++ year old system. There is ONE old, sediment filled storage tank for our water system. If something happened to that tank, the whole community would be without water. We are certain our wells would fill this SECOND tank and eliminate the need for hauling charges.

We know there has to be an increase in the water rate. 50% increase sounds fair. We would all be able to adjust our budgets to cover the pro-rated costs for a new tank. Living month to month never knowing how many of their "EXTRA" fees may be charged is like signing a blank contract to a loan shark. Please don't put us in that position.
