To whom it may concern,

I have not lived in East Verde Estates very long just four years now, but my wife's parents bought land and built here in 1972. They have since passed away. I was told by them the people who lived here back then had a chance to buy this water system they were told of vast improvements that would cost a lot of money it was enough to scare them into not taking on the system. Now enter Brooks Utilities they owned this water system for somewhere close to 30 years never did they make the improvements the homeowners were told they had to make. But Brooks sure made a lot of money during that time they saw what was about to happen and sold to a new company. Now this new company is crying they have to double and triple our rates this is ridiculous. They have us by the throat as many people in this community have no other choice but to use this service. The Corporation Commission cannot allow this or they will have failed to do the duty they swore to do when they were elected.

Thank You,

Bobbie Pierce 1/28/2014
