Attention Carmel Hood:

In compliance with docket number SW-20576A-08-0067 in decision 71119 Sacramento Utilities LLC is required as a compliance item to file each year a Report Detailing the Amount of Effluent Sold in the preceding year along with an explanation of any difference between effluent amounts produced and sold in the preceding year along with a detailed description of the efforts undertaken by the Company to sell effluent to other utilities.

This facility has been constructed, however, there is only one home currently being served and the wastewater is pumped and hauled off site for disposal. Therefore, due to the small amount of flow the facility has not been placed in service, no effluent generated and no sales or efforts to sell effluent have been undertaken to date.

With my regards,

Dwight Zemp
