Subject: Johnson Utilities Sale

DOCKETED BY

Dear Patricia L. Barfield,

I am a resident of Queen Creek and use Johnson Utilities. I am against the sale of Johnson Utilities to Florence. There are many reasons I am against this sale. This is a way for George Johnson to relieve himself of the increasing liabilities with all the issues with the water company while still managing the company and benefiting financially. The way things are now, at least the company is now being governed as a public utility under the 5-member Arizona Corporation Commission (ACC). If the company is sold, there will be no oversight. The town of Florence, under the direction of George Johnson, will decide on water rates, where it should go, when and if structures should be repaired, etc. Florence residents will come first. This leaves those of us in Queen Creek without options. I want this company to remain under state supervision.

Sincerely,
Peggy Christopherson
Queen Creek resident

Queen Creek, AZ 85142
