RE: Payson Water Company
Docket Nos: W-03514A-13-0111 and W-03514A-13-0142

Dear Parties:

On May 1, 2014, I prepared a letter to the parties in this matter in order to request additional information about certain rate design issues. I did not, however, intend for my letter to delay the processing of the case in any way. I recognize that all parties to this matter have an interest in the timely resolution of this proceeding, and my request for additional information should not be interpreted as a reason for suspension and/or delay. The information is intended for my use and consideration at the open meeting.

The information that I requested in my earlier letter would be helpful to me in my full consideration of the issues presented by this matter. Nonetheless, I am not asking for the processing of this matter to be placed on hold until I have received that information. I have not yet determined how best to resolve this very complex case, and I will continue to review all relevant information.

Sincerely,

Gary Pierce
Commissioner
