IN THE MATTER OF THE ARIZONA CORPORATION COMMISSION, ON ITS OWN MOTION, TO ESTABLISH AN ARRAY OF PUBLIC RAIL/HIGHWAY GRADE CROSSINGS THROUGHOUT THE STATE OF ARIZONA.

DOCKET NO. RR-00000E-14-0068

DECISION NO. _____

ORDER

Open Meeting
June 10 and 11, 2014

Phoenix, Arizona

BY THE COMMISSION:

FINDINGS OF FACT

1. Arizona Revised Statutes (A.R.S.) Sections 40-337.02 and 40-337.03 relate to the allocation of funds for the installation of automatic warning signals and devices at public railroad grade crossings and the determination of locations where the installation of automatic warning signals should occur on that date.

2. A.R.S. Section 40-337.03 enables the Arizona Corporation Commission (Commission), which has the exclusive power to determine and prescribe the manner and terms of installation of warnings at each railway crossing pursuant to A.R.S. Section 40-337, to establish an array of public railroad grade crossings to plan for the orderly installation of automatic warning signals and devices.

3. Although numerous hazard index formulas have been proposed over many years to assess the relative hazard of a grade crossing based upon some combination of its characteristics, no one such formula, or combination thereof, has universal acceptance. The development of the array and the determination of the warnings to be installed at crossings also involve the exercise of judgment.
