ORIGINAL

We would really appreciate it if you would look into this. An \$82.00 bill is just too much to pay for a sewer on our fixed budget. Our Social Security increase makes this increase look mighty sick. Many of us on this service have talked about having to relocate if all of our bills increase this much.

Thank You

God Bless You

This rate increase is ridiculous! There is no reason to have sewer rates this high. Most people in this area are retired and live on fixed incomes. We have never lived anywhere where the sewer rates are this high. The rate they are charging now is even too high and they want more, so greedy. This is excessive.
