WATER

I do not think you should consider giving Gisela a break on water rates. Because if you do then the rest of the customers for Payson water company will have to make up the difference! This is exactly what the Gisela customers were arguing regarding the pipeline from the Town of Payson to Mesa del Caballo(Even though only the Mesa del Caballo customers will pay for this). Water is a precious, valuable commodity and the customers of Mesa del Caballo do know this well.
