DOCKETED BY 

Dear Sir/Madam:

We are filing a regular rate case with your office in compliance of your orders following our emergency rate increase of November, 2013. We are requesting a one time waiver so that we may file an application for classes D & E, with revenues less than \$250,000. We are currently considered a Class C company, however, we do not have the means or funds to file a rate case of this size. We cannot afford to hire an attorney or a consultant at this time and we hope that you will approve this waiver and work with us on this application as we are unfamiliar with the rate case process. We believe we have filed all the requested items with the exception of the ADOR certificate of compliance, which we have applied for and is currently pending. Also, please note that the application is requesting invoices for each plant asset purchase in excess of \$150 for the test year, as well as all of the intervening years since the Utility's prior Test Year which was in 1999. Due to a lack of understanding the process, our company only has records dating back to 2004, apparently earlier records were destroyed. We have included all invoices we could find through 2004, hopefully this will be sufficient.

Thank you,

Mark A Sparks
Vice-President
Golden Shores Water Co. Inc.
