**RE: Accipiter Communications, Inc. dba Zona Communications - T-02847A-14-0175
FCC ICC Reform Compliance Filing**

Dear Corporation Commissioners and Staff:

Enclosed are the original and 13 copies of the proposed tariff filing for Accipiter Communications, Inc. dba Zona Communications filed with the Arizona Corporation Commission (T-02847A) on file as A.C.C. No. 1.

3rd Revised Sheet No. 104
3rd Revised Sheet No. 112

2nd Revised Sheet No. 104
2nd Revised Sheet No. 112

This filing is made in compliance with the Federal Communication Commission's (FCC) Title 47: Telecommunication; Part 51-Interconnection; Subpart J-Transitional Access Service Pricing; §51.909 Transition of rate-of-return carrier access charges; Step 3.

The National Exchange Carrier Association (NECA) told the member companies that they did not expect to be required to adjust capped interstate switched access rates for July 1, 2014, to reflect changes associated with the 2014 pool election changes. Upon further evaluation, pool election changes increased these rates by 1.429 percent, an increase the FCC did not consider de minimis. As a result, NECA adjusted both interstate and intrastate switched terminating access rate with intrastate rates at parity with interstate rates.

The rates for the Terminating Local Switching element combine the existing Local Switching and Information Surcharge rates and reflect the required 1/3 reduction of the difference between the existing capped interstate End Office rates and \$0.005. The Terminating Information Surcharge rate will be at \$0.00 consistent with the requirement specified in the Clarification Order.
