**BEFORE THE
ARIZONA CORPORATION COMMISSION
NOTICE OF THE TRANSFER OF CUSTOMERS**

of

**ILD Corp. and its Regulatory Subsidiary
Intellicall Operator Services, Inc. d/b/a ILD**

to

WiMacTel, Inc.

ILD Corp. and its regulatory subsidiary Intellicall Operator Services, Inc. d/b/a ILD (“ILD”) and WiMacTel, Inc. (“WiMacTel”) hereby notify the Commission of the planned transfer of certain aggregator location contracts and postpaid calling card customers from ILD to WiMacTel. ILD and WiMacTel entered into an Asset Purchase Agreement ("Agreement") on June 16, 2014, whereby the Purchaser will obtain certain assets of the Seller, specifically Seller's aggregator service and post paid calling card customers in the State of Arizona. The planned implementation date of the transfer is December 13, 2014, subject to all regulatory approvals.

I. THE PARTIES

ILD is an alternate operator service, institutional, resell interexchange telecommunication service provider organized under the laws of the State of Delaware on December 31, 1996. Its principal office is located in PonteVedra Beach, Florida. The company was authorized to provide intrastate reseller interexchange telecommunication services, operator service provider telecommunications services under Docket/Decision U-2623-91-244/59583 (March 26, 1996) and reseller local exchange telecommunications services under Docket/Decision T-02623A-99-0166 (February 1, 2000). ILD is certified, registered or otherwise authorized to provide alternate or aggregator operator services in 50 states and Puerto Rico. WiMacTel will acquire all of ILD's aggregator locations and post paid calling card customers in the state of Arizona.

WiMacTel was incorporated under the laws of the State of Delaware on May 4, 2010. Its principal office is located in Omaha, Nebraska. The company was authorized to provide intrastate reseller interexchange telecommunication services, operator service provider telecommunications services under Decision Number 73782, Docket Number T-20766A-10-0433 (March 21, 2013), payphone provider service under Decision Number 73832, Docket Number T-20766A-12-0396 (September 6, 2012) in Arizona. WiMacTel's managerial, technical and financial ability to provide telecommunications services are a matter of record with the Arizona Corporation Commission. WiMacTel is authorized to provide either interexchange, alternate or aggregator operator services and competitive local services in 48 states.

II. THE TRANSACTION

Under the terms of the Asset Purchase Agreement, in exchange for consideration, WiMacTel will acquire from ILD all aggregator service contracts and ILD postpaid calling card customers in the State of Arizona along with customer related data, databases, and customer records needed to support the provision of these services. ILD will continue to provide telecommunications services to all customers affected by this transaction pursuant to ILD's existing tariff until the instant this Application is granted by the Commission.

III. CUSTOMER IMPACT

The transition to WiMacTel will be virtually transparent to most customers. WiMacTel will assume all managerial, technical and financial responsibilities in connection with the operation of the aggregator operator services and postpaid calling card services to be provided to the affected ILD Customers in Arizona. Upon approval, WiMacTel will revise its tariffs to incorporate the rates, terms and conditions of services currently provided to ILD customers. Grant of this transfer will afford an expeditious, transparent and cost effective transition, and will enable WiMacTel and ILD to remain fully compliant with their regulatory obligations. ILD's customers affected by this transaction will continue to receive the same services from WiMacTel under the current rates, terms and conditions as they currently enjoy. This transaction is being made in an almost seamless fashion that will cause no changes in customers' rates, terms and conditions of service and will be made at no charge to customers as they transition to WiMacTel.

Written notice of the proposed asset transfer has been provided to ILD customers via First Class United States mail beginning on or about May 22, 2014 pursuant to Section 64.1120(e), Verification of Orders for Telecommunications Services, as amended, of Federal Communications Commission rules¹. A copy of the Customer Notification has been attached hereto at Exhibit 1. WiMacTel will post and brand all services per the Arizona Public Service Requirements, see Exhibit 2.

Re: Domestic Operator Service Agreement

Dear Sir/Madame:

ILD Corp. ("ILD") is pleased to advise you that it intends for its operator-assisted, enhanced 1+ and global calling card business unit ("Telecom Unit") to join forces with WiMacTel, Inc. ("WMT"). As a result, ILD has plans to transfer to WMT its customer contracts in its Telecom Unit in May or June of this year, at which time WMT will assume all of ILD's rights and obligations under your Agreement and will continue to provide superior performance under such Agreement. You will see very little difference in your services in the transition as: (i) I and other management employees will continue in the business with WMT; (ii) WMT already is the outsource provider for several service offerings, and this will allow it to more comprehensively manage your needs and enhance your services as customer; and (iii) WMT is a leading company for such services.

We provide this notification to you as a courtesy and/or as may be required under the Agreement. Again, we expect little or no changes in your service offerings other than increased capabilities and service offerings available from WMT. I am enthusiastic about future operations under WMT, and I welcome any questions you may have.

Sincerely,

Robin Collins,

BRANDING AND POSTING REQUIREMENTS

BRANDING

Each AOS provider shall:

1. Identify itself with a live or automated message at the outpulse of the terminating number which informs the end-user that a named AOS provider has been reached and that such provider's rates, operator service charges, and surcharges apply to the call. This message shall be provided before the end-user incurs any charge for the call, including a usage rate, operator service charge, and surcharge. [AAC R14-2-1005 (A)(1)]

POSTING

The contents and methods of posting shall be described in each AOS provider's tariff. At a minimum, each aggregator shall post all of the following information, through the use of tent cards or stickers on or near the telephone instrument, in plain view of the end-user:

1. The name, address, and toll-free telephone number of the AOS provider;
2. A written disclosure that the rates, operator service charges, and location-specific surcharges of the AOS provider apply for all operator-assisted calls;
3. A statement that interLATA calls made with calling cards, including IXC cards, may be carried by the AOS provider;
4. Dialing instructions;
5. A toll-free number for billing inquiries;
6. A description of complaint procedures; and
7. That end-users have a right to obtain access to the interexchange carrier of their choice.
