DOCKETED

OCT 06 2014

T-02811B-14-0360

Dear Sir or Madam:

Enclosed for filing with the Commission is an original plus thirteen (13) copies of revisions to CenturyLink Communications, LLC's Interexchange Telecommunications Service Tariff No. 1.

This filing is grandfathering the Core Connect Professional Unlimited Long Distance Calling Plan for business customers. This calling plan will no longer be available to new business customers. There is no change to rates or to the service for existing customers. The existing customers may retain the service as long as CenturyLink continues to offer it and as long as the customer does not move to another address or make changes to their service after the effective date. In addition, we are correcting two references on Page 3 in Section 3 and moving the Hearing and Speech Discount from Section 3 to Section 5.

CenturyLink respectfully requests that these proposed changes become effective on December 5, 2014. Should you have any questions regarding this filing, please contact me.

Respectfully submitted,

Marla Hazlett

3.1 GENERAL

3.1.2 DESCRIPTION OF CHARGES (Cont'd)

C. Volume Discounts

Customers whose total monthly usage equals or exceeds a minimum level may be eligible for a volume discount. The amount of the discount is generally based upon the customer's total monthly usage charges for all services; such usage may be measured for each rate period over all access lines in a service group. The Company reserves the right to discontinue Volume Discounts to customers who are delinquent in payment for services provided by the Company. Volume discounts are not applicable to monthly recurring charges, installation charges, fees for special features and functions, administrative or physical change charges, or minimum monthly usage charges.

D. Minimum Monthly Usage Charges

Customers may be required to maintain a minimum usage level in order to receive discounted rates and charges. Unless otherwise specified, minimum usage charges are billed in advance and are not subject to volume or time-of-day discounts.

E. Installation Charges

Installation charges are applicable to certain service options requiring the physical connection of lines, ports, equipment, or other facilities. Such charges may also be assessed for changes in the service arrangement for the addition or adjustment to lines, ports, equipment, or other facility necessary to provide the service required by the customer.

F. Calling Card Service is available to residence customers subscribing to the calling plans listed in this Section. See 3.3, following. (T)
