VI. INTRASTATE LONG DISTANCE VOICE SERVICES (CONT'D.)

A. PRODUCT DESCRIPTION (CONT'D.)

4. Calculation of Charges

4.1 Call Rounding: Unless otherwise specified, calls are subject to the following rounding rules, on a per-call basis, for billing purposes:

Call Type	Initial Period	Additional Increments
Outbound Service (except Operator Assisted)	18 seconds	6 seconds
Outbound Service		
Operator Assisted	60 seconds	60 seconds
Toll Free Inbound Service	18 seconds	6 seconds

4.2 Charge Rounding: If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

B. DEFINITIONS: In addition to the General Definitions, the following definitions apply:
Dedicated: A non-switched connection between a Customer Premises and an MCI Legacy Company POP.

Local Network Connection: A switched connection between a Customer's Premises and an MCI Legacy Company Point of Presence (POP).

Switched: A switched connection between a Customer Premises and a Company POP which is not provided by an MCI Legacy Company.

C. FEATURES AND OPTIONS: Intrastate Long Distance Voice Services offers Features which are also offered with and inherently part of interstate Long Distance Voice Services. Rates, terms and conditions for these Features can be found in the Guide where interstate Long Distance Voice Services are described. Those features which inherently cannot be used with Intrastate Long Distance Voice Services, such as international service, are not included. Additionally, Card Access (Calling Card) is available, as described below.

1. Card Access (Calling Card)¹: A telephone calling card issued by Company at the Customer's request, which enables the Customer or user(s) authorized by the Customer (Authorized Users) to place calls over Company's network and to have the charges for such calls billed to the Customer's account. Company offers the following types of intrastate Card Access:

N

MATERIAL PREVIOUSLY LOCATED ON THIS PAGE CAN NOW BE FOUND ON PAGE NO. 62.

N

¹ Effective December 1, 2014, Calling Card Service is grandfathered and is no longer available to new customers. For existing customers, Verizon will no longer accept new orders and will no longer support requests for move, add, or change activities for calling cards, and contract renewals or extensions of Calling Card Service will no longer be permitted, effective December 1, 2014.

VI. INTRASTATE LONG DISTANCE VOICE SERVICES (CONT'D.)

C. FEATURES AND OPTIONS (CONT'D.)

1. Card Access (Cont'd)¹

1.1 Standard Card:¹ Standard Card enables Customer to use intrastate outbound Long Distance Voice Services and is available via a toll-free number from any touch-tone dialing phone using DTMF (dual tone multi-frequency). Authorized Users can dial 7-digit and 10-digit private dialing plan numbers (which are numbers that the Company creates for Customer using the Company's network database and intelligent platform and that can be translated to a 10-digit United States number), and 10-digit public numbers (which are phone numbers issued by a local exchange carrier).

1.1.1 Standard Card – Usage Charges: The usage charges in the Long Distance Voice Service Usage Rate Schedule in this tariff apply for outbound intrastate Long Distance Voice Services based on the originating location.

1.1.2 Standard Card – Surcharge: The following per-call charges apply to each Standard Card call other than calls to Intrastate Long Distance Directory Assistance. This charge will not apply to Customized Message Announcement.

The following per call calling card access surcharges apply based on the Customer calling plan:

Maximum rates:

Current Services ¹ Verizon Business Services (VBS) I, II, and III	Non-Current Services ¹			
	On-net	networkMCI One	Vnet	Vision
\$2.00	\$2.00	\$2.00	\$2.00	\$2.00

Current rates:

Current Services ¹ Verizon Business Services (VBS) I, II, and III	Non-Current Services ¹			
	On-net	networkMCI One	Vnet	Vision
\$0.90	\$0.90	\$0.85	\$0.40	\$0.60

SOME MATERIAL LOCATED ON THIS PAGE WAS PREVIOUSLY LOCATED ON PAGE NO. 61.

¹ Effective December 1, 2014, Calling Card Service is grandfathered and is no longer available to new customers. For existing customers, Verizon will no longer accept new orders and will no longer support requests for move, add, or change activities for calling cards, and contract renewals or extensions of Calling Card Service will no longer be permitted, effective December 1, 2014.

VI. INTRASTATE LONG DISTANCE VOICE SERVICES (CONT'D.)

C. FEATURES AND OPTIONS (CONT'D.)

1. Card Access (Cont'd)¹

1.2 Chargeable Calling Card:¹ Chargeable Calling Card enables the Customer to establish a fixed dollar amount available per Calling Card that is charged against Customer's account as calls are made. If an Authorized User tries to exceed the fixed amount, he/she will be unable to make calls. As with Standard Card, Authorized Users can dial 7-digit and 10-digit private dialing plan numbers, 10-digit public numbers, and numbers that terminate in the international locations listed under Standard Card—Usage Charges. Customers can establish Chargeable Calling Cards that are renewable at a previously-budgeted amount or expire after the initial amount is expended. Unless otherwise specified, standard tariff provisions and rates and charges for Calling Card apply. N

1.2.1 No Resale: Chargeable Calling Cards cannot be resold by Customer. Violation of this resale prohibition is deemed a material breach establishing cause for the Company's immediate termination of Customer's Chargeable Calling Cards. Customer will indemnify, defend, and hold the Company harmless from and against all claims of loss, damage, cost or expense arising from Customer's attempted or actual resale of Chargeable Calling Cards.

1.2.2 Co-Branding: Customer may request that its logo or other identifying image be placed on the front of the Chargeable Calling Card. The inclusion of such logo or image is entirely within the Company's discretion, and the Company may refuse to include such logo or image. Customer will indemnify, defend, and hold the Company harmless from and against any loss, damage, cost or expense resulting from any third-party claim or allegation that any image or branding placed on the Calling Card at Customer's request violates the service mark, trademark or other intellectual property rights of any third party.

¹ Effective December 1, 2014, Calling Card Service is grandfathered and is no longer available to new customers. For existing customers, Verizon will no longer accept new orders and will no longer support requests for move, add, or change activities for calling cards, and contract renewals or extensions of Calling Card Service will no longer be permitted, effective December 1, 2014. 3.3.15 MCI WorldCom On-Net Service - Voice^{1/2}

N

3.3.15.1 Description

MCI WorldCom On-Net is an outbound, customized telecommunications service that may include an inbound service option using Business Line/WATS or Dedicated Access Line terminations and/or a virtual private network. It provides a service for single or multi-location companies using switched, dedicated and card origination, and switched termination. MCI WorldCom On-Net is suitable for calling between company locations.

Except as otherwise specified, all calls are subject to an 18-second minimum initial period and rounding to the next higher 6-second increment, except for Operator Assisted calls, which are subject to a 60-second initial period and rounding to the next 60-second increment. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

The rules and regulations governing the provision of service for toll free (inbound) service are identical to those for Toll-Free Service as filed in this Tariff, except where otherwise specified.

At the Customer's request and where feasible, the Company may permit the Customer to obtain other forms of access to the Customer's inbound service terminating location, or the Company may procure other forms of access to such location. All applicable recurring and non-recurring charges for such service will be calculated on an individual case basis, in accordance with the charges assessed by the Local Exchange Carrier or other access provider. The installation and monthly charges for any interface equipment associated with such access that is provided by the Company shall be calculated on an individual case basis. If the Company procures access for the Customer from the Local Exchange Carrier, the Customer's use of such access shall be in conformity with the regulations and other terms and conditions under which the Local Exchange Carrier provides such access.

This tariff is being offered to Arizona customers that originate and terminate calls within the State. Intrastate service is provided in conjunction with interstate MCI WorldCom On-Net service and is available only to customers subscribing to interstate service as provided in the Guide as described in the Company's "Service Publication and Price Guide" located on the Company's website at http://www.verizonenterprise.com/us/publications/service_guide/.

3. METERED USE SERVICE (CONT.)

.10 Option O (VNET)¹

N

VNET Service is a customized virtual network telecommunications service. It provides a unified service for multi-location companies, providing both communications and management features. VNET is suitable for long distance calls between company locations. The Company does not invoice charges in fractions of a cent” the minimum charge for any charge element is \$0.01. Subscribers to VNET take a Basic Feature Package which includes the availability of Dedicated and Shared Access and Termination; Directory Assistance; 10 Digit Exclusion, 10 Digit Private Dialing Plan, Accounting Codes, a 7 digit customer defined private dialing plan, and a consolidated invoice for all VNET calls from all locations. They may also subscribe to optional features, including Customer Information Management (CIM) Access, Direct Termination Overflow, ID Codes, Call Detail Tapes, Customized Range Privileges, and Network Information Management System (NIMS) Access. Intrastate service is an add on to Company's interstate Vnet Service provided in www.verizonbusiness.com. All terms and conditions, access charges, volume discounts, service options, feature charges, Network Savings Plans, and other non-recurring charges are pursuant to www.verizonbusiness.com.

In order to qualify for VNET service:

A VNET customer must place an order for multiple business locations that the customer owns, franchises, or manages.

A VNET card customer must incur at least \$25,000 per month in total VNET charges excluding VNET card usage and VNET card surcharge; and must have a minimum of 5% of its traffic terminating over dedicated access/termination lines each month.

For each month that the conditions listed in #2 above are not satisfied, the VNET card per call surcharge will be up to \$2.00. There is no grace period for these conditions.

¹ Effective December 1, 2014, Calling Card Service is grandfathered and is no longer available to new customers. For existing customers, Verizon will no longer accept new orders and will no longer support requests for move, add, or change activities for calling cards, and contract renewals or extensions of Calling Card Service will no longer be permitted, effective December 1, 2014.

Vnet Market Area Calling: Offers intralata, outbound, voice only calling within the customer's Market Area for calls using dedicated access-switched termination and dedicated access-dedicated termination This call type is not available to customer locations that fall within the local service area as defined in MCImetro Local Exchange Tariffs.

The maximum rates specified in Section C - 3.1011 for intralata toll dedicated origination-switched termination and dedicated origination-dedicated termination for peak and off-peak will apply to all Market Area calls originating and terminating within the Customer's Market Area. A customer's Market Area is defined as the dominant Local Exchange Carrier's (LEC) local calling area specified in the LEC's Local Exchange Tariff for the customer's exchange area for the specific location implementing Market Area Calling.

In addition, Vnet discounts as outlined in www.verizonbusiness.com will apply. If a customer subscribes to a Special Customer Arrangement with intrastate discounts or rates then those rates and discounts will apply to Market Area Calling. SCA Types 1 and 4 are not eligible for Market Area Calling.

Customers must have Branch Exchange (PBX) or Hybrid Key System and originate Market Area Calling traffic via dedicated access facilities to use this feature.

The Market Area Calling feature cannot be used to originate 911, Directory Assistance, operator services calls, toll free or to terminate inbound local calls. Customers must maintain LEC-provided lines or trunks to originate and terminate these call types. This feature is subject to the Company's existing capacity and network availability.

ALL MATERIAL LOCATED ON THIS PAGE WAS PREVIOUSLY LOCATED ON PAGE NO. 381.

² As of November 15, 1998, Market Area Calling will not be available to new subscribers.

.1422 Time of Day Discounts: A discount will apply, on a call-by-call basis, to all inbound and outbound domestic traffic occurring during the Evening and Night/Weekend rate periods (i.e. anytime except 8 a.m. - 5 p.m. weekdays) and on Company Recognized Holidays. When a Vision call is established in one rate period and ends in the other, the rate in effect in each rate period applies to the portion of the call occurring during that rate period. The rate for inbound calls is the rate for the time of day at the terminating location. M

.1423 Volume Discounts:^{2,3} Volume Discounts are available to those Vision customers whose total monthly combined domestic (intrastate and interstate) and international, inbound 800 and outbound usage and surcharges (not including the service fee or optional feature charges) equals or exceeds \$1,000.00 per invoice. The discounts will apply on an effective basis. Once the customer reaches the usage threshold, the discount is applied to all usage. If the domestic portion of the discount (amount calculated based on interstate and intrastate usage) is greater than the interstate usage, the difference will not be credited or brought forward.

.1424 Dedicated Termination Discount:⁴ All Vision Switched, Dedicated, and Card Access outbound traffic, which is transmitted between customer designated locations of a Corporate Enterprise and which is terminated by means of dedicated termination facilities will receive a discount of \$0.02 per minute. This discount will be applied before any other discounts.

.1425 Domestic Optimizer Discount: A discount will be applied to all domestic outbound Vision calls which are made to the single domestic area code with the highest total usage (in dollars) in the period for which a bill is being calculated. This discount is calculated and applied at the location level. Directory Assistance calls are excluded from this discount. This discount is calculated on usage to that area code before all other discounts other than the Time of Day and Dedicated Termination Discounts are applied.
