Subject: EXHORBITANT EPCOR WASTEWATER RATE INCREASE

Please know that I am against the Proposed Rate Increase sought by the Epcor Mohave Valley Wastewater District. Our area, designated as the fourth in the United States on the Poverty Level Index , cannot support this increase.

The 1440 people in this small district have single-family modest homes and are mostly retired, with very few businesses in this mix. To ask for a 47% rate increase is totally unacceptable. Medicare COLA index is certainly nowhere close to this raise...maybe 2% on a good year.

I have attended the informational meetings in my area. Epcor needs to re-examine how it conducts its business. Certainly there have to be other options to this thriving Canadian Corporation, rather than ask the customer base to absorb their bad business practices. Imagine paying \$20 per month for good quality drinking water, but close to \$85 to take it away. Something is not right with this premise. The small communities cannot support this!

Please deny this rate increase!

Sincerely,

Drennon Yarborough
