VIA OVERNIGHT DELIVERY

RE: Peerless Network of Arizona, LLC: Tariff No. 3 – Reduce Terminating Access Rates Pursuant to FCC ICC/USF Order

To Whom It May Concern:

Peerless Network of Arizona, LLC (“Peerless” or “Company”) hereby submits an original and thirteen (13) copies of this transmittal letter and revisions to Peerless Arizona Tariff No. 3. These tariff revisions are being filed in accordance with the Federal Communications Commission’s (“FCC’s”) *Report and Order and Further Notice of Proposed Rulemaking* in Docket Nos. WC Docket No. 10-90, *et al.* (FCC 11-161, rel. 11/18/11) and subsequent related orders, and Sections 51.911 and 61.26 of the FCC’s rules. This submission includes:

- Section 5 Second Revised Page 1, Cancels Section 5 First Revised Page 1

These tariff revisions add a reference to the Company’s interstate access tariff (FCC Tariff No. 4) for terminating end office switched access and tandem switched access rate elements. The result of adding this cross-reference is that the Company’s intrastate rates for terminating end office switched access and terminating tandem switched access will now mirror the Company’s corresponding interstate access rates. The Company’s interstate terminating end office switched access rate will be modified to reflect the lower rate required by the FCC to take effect in July 2014. Therefore, Peerless Network’s intrastate terminating end office switched access rate will automatically be capped at the lower terminating end office switched access rate that will take effect in July 2014. The rate for intrastate terminating tandem access is being reduced by this filing and will mirror the Company’s corresponding interstate rate.

This filing is requested to become effective on July 31, 2014 (the same date the interstate terminating end office switched access rate is expected to take effect).

If there are any questions concerning this filing, please feel free to contact me at 312-506-0933 or at pphipps@peerlessnetwork.com. Thank you.

Sincerely,

Patrick Phipps
Director Regulatory Affairs
