CORP COMMISSION
DOCKET CONTROL

ADD: "However, we believe that the Customer should control the interruption of Customer's load upon receipt of the interruption notice from Tucson Electric Power Company."

"Customers failing to interrupt contract interruptible load for any interruption event during the billing month forfeits the Interruptible Credit(s) for that billing month. A second failure of the Customer to comply with any mandated interruption for capacity constraints within twelve (12) months of the first failure will result in Customer being removed from this Pricing Plan for up to a twenty-four month period."

Arizona Corporation Commission
DOCKETED

JUL 21 2014

DOCKETED BY

"Additionally, a Customer's failing to interrupt contract interruptible load for any interruption event shall purchase interruptible power taken during the Interruption Event at a penalty price calculated as two (2) times the incremental cost of power (higher of generated cost or market cost) taken in violation of the interruption order. The Customer's penalty payment shall be credited to the Purchased Power and Fuel Adjustment Clause."

Page 7, Line 22

DELETE: The portion of the sentence beginning with "and the need for a penalty..."

Page 9, Line 13

ADD: "IT IS FURTHER ORDERED that Tucson Electric Power Company shall amend the Purchased Power and Fuel Adjustment Clause Plan of Administration to allow inclusion of the cost of failure-to-interrupt penalties."

"IT IS FURTHER ORDERED that Tucson Electric Power Company shall file the revised Purchased Power and Fuel Adjustment Clause Plan of Administration in compliance with this Decision within 15 days of the effective date of the Decision."

PLEASE MAKE ALL CONFORMING CHANGES.
