Comments: I oppose any recommendations that will increase the EPCOR waste water rates to my Sun City constituents in order to subsidize the waste water rates of Agua Fria or any other waste water district. It is my understanding that the ACC staff has recommended that EPCOR provide waste water consolidation scenarios at the request of Agua Fria Residents. If consolidation increases Sun City utility rates, I am confident the Sun City residents will oppose the proposal and I will oppose on behalf of my constituents. As you know, Sun City constituents are very active. Last time water consolidation with Anthem was proposed, over 1,300 Sun City residents appeared before the Corporation Commission to protest.
