Re: Docket Nos. W-01303A-09-0343, and SW-01303A-09-0343

DOCKETED BY 

Chairman Stump,

I urge you to vote YES on the Arizona Corporation Commission staff's recommendation that the Commission adopt, in its ordering paragraphs all of staff recommendations concerning EPCOR's response and the setting of a procedural conference.

I live in Verrado and have been here for approximately 10 years. As you know, water and sewer rates in the community of Verrado have increased dramatically over the last three years. The cost to my family has been outrageous compared to others who share our greater community of the City of Buckeye. I pay \$200 per month now as compared to something in the vicinity of \$100 three years ago. All of this is due to decisions made at the Arizona Corporation Commission regarding deconsolidation. The adoption of the staff recommendations will be a first step in achieving more reasonable, affordable rates for the water and sewer customers in the community of Verrado.

We feel that ultimately the best case for all customers involved is the full consolidation of all districts which would provide for a larger base to spread the cost of service.

Respectfully submitted,
