RE: MOTION TO INTERVENE in the Application of Tucson Electric Power Company for approval of its 2015 Renewable Energy Standard (REST) Implementation Plan.

DOCKET No. E-01933A-14-0248

ORIGINAL

My name, addresses and telephone number are listed below.

I wish to intervene in the application for approval of Tucson Electric Power's 2015 REST implementation plan. I have been promoting solar energy adoption in Southern Arizona since 1998, and I have solar energy systems on my personal residence and my business. I am the owner of Technicians for Sustainability, which employs approximately 22 people in Tucson, and has installed over 1,000 solar electric systems in the TEP service territory to date. My primary interest in this application is to advocate for appropriate and beneficial access for Tucsonans to distributed solar energy systems. I feel that the quality of life in my community will be significantly affected by the decisions regarding the implementation plan. I would like to advocate for the protection of the ratepayers' investment in distributed renewable energy.

I hereby certify that a copy of this Notice of Intervention has been mailed to Tucson Electric Power Company, 88 East Broadway Blvd., MS HQE910, P.O. Box 711, Tucson, Arizona 85702.

Sincerely,

Kevin M. Koch
