ORIGINAL

To: the five Commissioners

Ref : Passing the smell test.

Aug. 7th. 2014

Sirs,

Concerning the Consolidation of five waste water districts, I have a word or two on the subject.

When the fat cats chose to be separated from the "commoners" the price of sewer waste was not a problem. Now, why do they need financial assistance and particularly from these lesser groups?

Guess the greed thing is not just words.

Funny that they then thought their waste was special and too good to be mixed with any other.

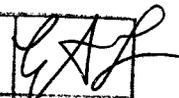

How then did they discover that it is Ok now to combine sewage-maybe to neutralize our smells with theirs.

One stink'n sore SCW poorboy,

[Faint, illegible text]

Re: Waste Water Consolidation by Epcor

Commissioners:

As a homeowner (winter visitor) in Sun City West we are opposed to any increase or consolidation with any other waste water district.

We pay \$371.52 per year for waste water services and we are only in Sun City West four months of each year using waste water services. That is a fee of \$92.88 for each month we are there.

Our Sun City West system is older than Anthem or Corta Bella. We paid for our system over the years. Why are we expected to pay for others thru consolidation?

Very truly yours,

Gilbert F. Shaw
Neva W. Shaw
