Dear Mr Quinn,

More than a month has now past since mailing you my letter dated July 14 of this year. Requesting your take on several outlined points regarding "smart" meters. I received nothing from you. Meanwhile, the People in this State, that you are charged with looking out for; are still under the siege of the massive forced installations of these strange devices, referred to as so called "smart" meters.

Seriously Mr Quin, you must have a stand on these most important points in question. [Sent to you along with the July 14<sup>th</sup> letter.] Why would not your positions on these matters be forwarded to me immediately? Please respond – Thank you!

Respectfully,

Stan Kingman
