Phoenix, Arizona 85004

**ORIGINAL**

RE: APPLICATION OF GLOBAL WATER – SANTA CRUZ WATER COMPANY, INC.  
FOR AN EXTENSION OF ITS EXISTING CERTIFICATE OF CONVENIENCE AND  
NECESSITY - DOCKET NO. W-20446A-14-0290

**INSUFFICIENCY LETTER**

Dear Mr. Sabo:

The above-referenced application of Global Water – Santa Cruz Water Company, Inc. ("Applicant" or "Company") filed on July 30, 2014 has not met sufficiency requirements as outlined in the Arizona Administrative Code ("A.A.C."). In order to process your application, the Arizona Corporation Commission ("ACC") Staff needs the following information:

1. Pursuant to A.A.C. R.14-2-402.B.5.p., Staff will require documentation establishing the applicant's current financial condition, including at least the applicant's current assets and liabilities and an income statement. Please provide a current set of financial statements (i.e., June 30, 2014) that reflect the rates and rulings set forth by ACC Rate Decision No. 74364 issued February 26, 2014.
2. Please provide, for each parcel, the preliminary engineering report with specifications in sufficient detail to describe each water system and the principal components of each water system, including:
  - a. Master Map/Plan with a layout of the proposed water system's major components (water supply, water treatment, storage, booster facilities and distribution system) and phasing of construction (if phasing is proposed) for the next five years.
  - b. Engineering design report, including description of location, hydrology, the proposed system's configuration, anticipated demand, design capacity, and design pressure. The report must: (1) Demonstrate that the proposed system will satisfy the minimum design standards as required by Arizona Department of Environmental Quality, and if phasing is proposed, the

anticipated demand, system components by phase for the next five years; and (2) Include a timeline of construction for the proposed system with estimated starting and completion dates for the next five years, and a description of each separate phase of construction if phasing is proposed.

3. Please provide an engineering cost estimate for the proposed system by phase for the next five years if phasing is proposed, including a breakdown of costs for each major component.
4. Were all city, county (franchises), or state agency approvals required by law to construct and operate the proposed facilities provided in the documentation filed?

If you have any questions concerning this matter, please do not hesitate to contact me at 602-542-0818 or e-mail me at [vwallace@azcc.gov](mailto:vwallace@azcc.gov).

Sincerely,

Vicki Wallace  
Executive Consultant
