ORIGINAL

DEAR SIRs:

I am writing you as I was asked to do so by APS representative Rex who is handling the proposal of the solar panels that APS wants to install on people's homes in the Phoenix area. I wrote Mr. Daniel Froetscher when I read the article in the Arizona Republic and submitted my name to be considered for this if it was approved in September. I had an e-mail from someone named Rex saying if approved they would contact me and let me know if I had been selected but that it would be helpful if I wrote you as well. I am enclosing a copy of that letter and the original of this one plus 13 copies as I was told to do when I called your office this morning.

I am not asking to be chosen, but that you at least consider me. I am almost 70 years old and still work as I cannot live on my social security. I need help with almost everything and would certainly appreciate anything you can do to get me approved. I was laid off my job in February and then developed an E-coli infection in my left foot and ended up having a toe amputated in July. I just found another job, but help with my APS bill would be terrific. I keep my thermostat on 80 so I can at least afford to pay the bill. I would sincerely appreciate any help you can give and should you like to meet with me in person, please let me know and I will get off work to come there. Again thank you for your time and consideration.

Sincerely,

PATRICIA A KELLY

DOCKETED BY

JULY 31, 2014

ME. DANIEL FROETSCHER, VICE-PRESIDENT
TRANSMISSION, DISTRIBUTION AND CUSTOMERS
ARIZONA PUBLIC SERVICE
400 NORTH 5TH STREET
PHOENIX, AZ 85004

Dear Mr. Froetscher:

I read the article about APS in the July 29th Arizona Republic and am fascinated by the use of the solar panels to not only help residents, but APS as well.

I have lived in Sun City West since 1998 and am trying to own my home. Three years ago I qualified for President Obama's stimulus package which gave me a new air conditioner and heat pump as mine was 29 years old . I am 68 years old and only have my social security which is not enough to live on. I do have to work, but really struggle to just pay my bills. I was laid off my job in February and just last week finally found another one. I would like to apply for the solar panels if that is what you need to do. I desperately need help and right now I keep my thermostat on 80 just so I can afford to pay the bill. Anything that would help me would be most appreciated. Please feel free to call or write me and I would be happy to come and speak with you in person about this. I look forward to your reply.

Sincerely,

A handwritten signature in cursive script that reads "Patricia Kelly". The signature is written in black ink and is positioned to the right of the word "Sincerely,".

PATRICIA KELLY
