MEMORANDUM

TO: Docket Control

FROM: Steven M. Olea  
Director  
Utilities Division

ORIGINAL

DATE: September 11, 2014

RE: ADDITIONS TO SERVICE LIST IN THE MATTER OF THE PROPOSED  
RULEMAKING TO MODIFY THE RENEWABLE ENERGY STANDARD AND  
TARIFF RULES (DOCKET NUMBER RE-00000C-14-0112)

On August 8, 2012, Staff sent out a package of materials related to the proposed rulemaking to modify the renewable energy standard and tariff rules to potentially interested parties. In the cover letter Staff indicated for parties that were not currently on the service list that they could either make a filing in the docket to be added to the service list or contact Staff to express their interest in being on the service list. Since this time Staff has been contacted by a number of interested parties who have requested to be added to the service list. Thus, Staff requests that the following parties be added to the service list in Docket No. RE-00000C-14-0112.
