DOCKETED BY

15 **IN THE MATTER OF THE**
16 **APPLICATION OF PICACHO PEAK**
17 **WATER CO., INC., FOR A RATE**
18 **INCREASE**

Docket No. W-02351A-11-0231

19
20
21 **STATUS REPORT**

22 Picacho Peak Water Company ("Company") hereby files its status report
23 regarding the Company's compliance with Arizona Department of Environmental
24 Quality ("ADEQ") regulations.

25 The Company's point-of-use treatment systems continue to work well. The most
26 recent monitoring tests demonstrated that these systems are treating the water to meet
27 ADEQ's standards. After a recent inspection, ADEQ ordered the Company to install
28 monitoring lights on the point-of-use system. This task was completed in mid-June.

1 Currently, the only customer that still needs treatment plant installed is the Dairy
2 Queen. As previously explained, the Dairy Queen installed a treatment device several
3 years ago, but it recently failed and now another system needs to be installed.
4

5 The vendor had estimated that the treatment facilities within the Dairy Queen
6 would be installed by no later than the end of August. However, to conserve water, the
7 vendor recommended that the plumbing within the Dairy Queen be altered so that the
8 water used as refrigerant cooling only not be treated. Further, after gathering more data,
9 the vendor recommended a slightly larger capacity treatment system to ensure the peak
10 demands are met comfortably. These plumbing alterations and treatment system
11 installation should be accomplished within the next thirty days. This is the last treatment
12 device that will need to be installed.
13
14

15 Respectfully submitted this 16th day of September, 2014.
