RE: Docket number W-02133A-13-0118
Fountain Hills water service

ORIGINAL

Dear Commissioners Burns, Burns, Pierce, Smith and Stump:

We are requesting that the Commission rehear the rate increase granted to Chaparral City Water Company and its parent company, EPCOR, for operations in Fountain Hills

Fountain Hills residents have just seen an 18% increase in water rates. Have residents' family incomes increased by 18%? Certainly not! Yet we must absorb this very substantial new cost.

In addition, the planned implementation of a System Improvement Benefit program could nearly double our water rates over a five-year period without any public rate hearing process.

At a July 22 meeting Commissioner Brenda Burns moved to have this rate decision reconsidered, but her motion was rejected on a 3-2 vote.

We request that you reconsider this decision, which we believe disproportionately favors EPCOR's interest in earning a profit over ratepayers' interest in affordable utility service.

Thank you.

Sincerely,

Travis & Patricia Tonzi
