DOCKETED BY

I am writing to you in regards to your dealings with the Appaloosa Water Company. Based on the documentation that we have been provided, it appears you are currently working to bring the above mentioned organization into compliance with standards/codes relating to fire suppression pressures. As the Fire Chief of the agency responsible for providing fire protection to the Appaloosa Meadows development, I am very concerned about the lack of suppression capabilities per code, as well as the lack of a back-up power source for the system.

Your time and consideration in this matter are greatly appreciated.

Scott A. Freitag
Fire Chief
Chino Valley and Central Yavapai Fire Districts
