Comments: *I have worked and sacrificed my entire life so I could provide for my retirement life. I have had multiple jobs at many hours per day 16-24 hours. I do not feel it is necessary for me to support those who are on welfare ^{with other subsidy programs} any more with my hard earned money. It is not fair to me to pay more on a retired income for those who have not planned for their retirement. Sun city + Sun city west have very conservative owners. It is outrageous to lump us with these other community simply because we have more ~~owners~~ consolidate Sun city + Sun city west only.*

I AM WRITING TO EXPRESS MY DISPLEASURE WITH THE
POSSIBILITY OF ANOTHER INCREASE WITH OUR RATES AGAIN, AS YOU
SHOULD ALREADY KNOW THE MAJORITY OF THE CITIZENS LIVING HERE
IN SUN CITY AREAS ARE BASICALLY ON A FIX INCOME AND SO EVEN A
FIVE OR TEN DOLLAR INCREASE WOULD BE DIFFICULT TO BARE , I
CANNOT FIGURE OUT WHY YOU NEED TO RAISE SO MUCH \$\$\$\$ EVERY
OTHER YEAR, OUR SOCIAL SECURITY DOES NOT GO UP THAT MUCH,
AND EVERY PENNY COUNTS, SO PLEASE RE CONSIDER , I SOMETIMES
WONDER WITHER THESE INCREASES EFFECT YOUR WALLET OR ARE
YOU EXCEPT FROM ALL THE FUTURE INCREASES.

THANK YOU FOR READING THIS LETTER OF CONCERN

Dear Commissioners,

The purpose of this document is to provide written comment regarding Docket s no. 5 WS-01303A-14-0014 and WS-01303A-14-0010.

The position of the Little Lakes Condominium Association's Board of Management is that we are opposed to the EPCOR Plan to consolidate the utilities' five wastewater districts into one company wide district.

Our Association represents twenty-four owners of property in the County of Maricopa, State of Arizona, which is more particularly described as: Lots 397 through 420, Tract L, Sun City West, Unit 11, a subdivision recorded on the Office of the Maricopa County Recorder.

Our Board of Management believes that consolidation of all wastewater operated by EPCOR would adversely impact the wastewater customers of the company residing in our Little Lakes HOA.

Of our twenty-four homes, **only 34% are here year-round and half of our units have only one person residing in them.** As you can see, Little Lakes HOA is a low-cost district whose residents in Sun City West do not generate much wastewater the entire year, compared to those in districts having many more residents per household .

Please take this information into consideration with your decision.

Sincerely,

Nancy Ahrens

Chairman, Little Lakes Condominium Association

**PETITION – WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343**

We the following signatories respectfully petition the Commission NOT to further consider "full consolidation."

The following Sun City resident EPCOR ratepayer signatories do hereby petition the Arizona Corporation Commission move and vote to remove the issue of "Full Consolidation" of EPCOR's wastewater districts presently included in the review of the matter per Dockets: W-01303A-09-0343 and SW-01303A-09-0343.

The aforementioned Dockets were issued decisions by the Commission and closed in 2012. One such decision was to reject the concept of "full consolidation" of the EPCOR water/wastewater districts.

On March 13, 2014 and April 10, 2014 (Docket Dates), the Arizona Corporation Commission (ACC) received petitions from the communities of Corte Bella, Cross River, Dos Rios and Coldwater Ranch requesting remedy for their exorbitant high wastewater rates. The consolidated signatory count was approximately 3,400. The petitions clearly listed their expectations. In no case was there mention nor expectation thereof for "full consolidation" of the EPCOR wastewater districts nor any mention of any action relating to the Sun City wastewater district.

There was no complaint or mention of "full consolidation" until mentioned on page 6, item (3), which is contained in ACC's Staff recommendation document dated July 8, 2014.

The matter of "full consolidation" of EPCOR water/wastewater districts was ruled not in the best interest of the public in 2012. It is improper to be discussing and/or voting to overturn a previous decision without a full rate case and must be removed from the current proceedings.

RE: Docket No. SW-10303A-09-0343 and WS-10303A-09-0343

Dear Commissioners,

On behalf of the members of the Long Green Condo Association, I am writing to you to request that you deny the request from EPCOR for consolidation of the rates from five water districts. The water districts concerned are not located contiguous to one another, have different cost bases and should be handled separately, as they have been in the past.

Homeowners in Sun City purchased our homes with knowledge of the costs for utilities, including water. We can expect to have some increases over the years but an 87% increase, subsidizing rates for other communities makes no sense at all. As the oldest of the affected communities, we realize the amenities in Sun City may not be comparable to those of Anthem or other, more recently developed communities. However, we do not expect, nor will we accept, water rates that are set to subsidize service to the newer communities.

We respectfully request that you deny this proposal submitted by EPCOR.

Sincerely,

Shirley E McAllister

Commissioner Stump,

I am writing to you because I am very concerned about EPCOR's proposed plan to consolidate five water districts, including Sun City West.

I believe that this plan would be discriminatory not only to Sun City West but also Sun City. It would obviously require the two largest retirement communities to completely subsidize reduced rates to the other 30% of the customers. That would put a significant financial burden on a group of senior citizen's, many of whom, live on a very limited fixed income.

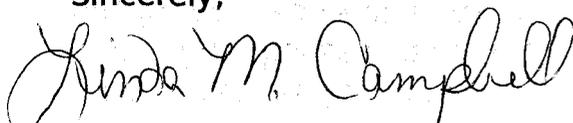

When I decided to move to Sun City West in 2009, I took into consideration not just the price of the house I could afford buy but what living expenses I could reasonably expect to pay in the area I would live. Utility costs were part of that evaluation. I assume other's make trade offs about the life style they desire and the area they choose to live too.

This consolidation, also, wouldn't be limited to base rate cost sharing, it would require customers of all the consolidated districts to share in the costs of future capital projects. Sun City West has a smaller capital project on the horizon than some of the other districts. If the proposed consolidation becomes a reality, they would be obligated to pay a significantly larger amount than if they continue taking care of the whole cost of their own capital projects as they have done in the past.

As I understand it, this consolidation plan evolved from a few thousand Corte Bella customers being concerned about their high base rates. EPCOR has used this as a chance to propose consolidation. While it would probably be administratively easier for EPCOR to have all these districts consolidated, I sincerely don't think it's a fair or well thought-out solution to the high rate issue that was created in Corte Bella when the Anthem district was originally split.

One of my other concerns is that this 'consolidation' move by EPCOR, if approved, would open the door even further to other consolidation proposals that will include Sun City West subsidizing other districts.

Sincerely,

Linda Campbell

Phoenix, AZ 8007

Commissioner Stump,

We are writing to voice our concerns regarding Epcor's request to consolidate five wastewater districts in their service area. We are a retirement community in Sun City. We live on a fixed income, as do most of our neighbors. We would be paying for the have larger homes and in most cases larger families (many with children), whereas most of us in Sun City have smaller residences with only one or two occupants. We use less water and generate less wastewater per household than the homes in the other districts. Why should those of us who live on fixed incomes pay for the residents of these other communities. With costs of food and medicine, we are already stretching our budgets to the maximum and simply cannot afford 89 per cent increase in our sewer bills.

Please say NO to Epcor's request for consolidation.

Thank you for your consideration.

Sincerely,

Elmer and Shirley Gunn

**Re: DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices. Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Beverly Hawkinson

Uses are varied in different areas and so is impact on the structure. A family man w/ children is harder on the system than a little old lady with a small carbon footprint

You're trying to connect us like an area that has had continual problems. Their poor development is not our problem, it would leave it open for future mismanagement & poor planning.

Dear Chairman Stump

Reference Docket #SW-01303A-09

I WISH TO VOICE MY OPPOSITION TO THE ABOVE REFERENCED DOCKET, CONCERNING THE "EPCOR" PROPOSAL TO CONSOLIDATE THE WATER AND SEWER FACILITIES COVERING SUN CITY, SUN CITY WEST, Northeast AQUIA , ANTHEM, AND VERRADO WHEREIN IT IS PROPOSED TO CONSOLIDATE THESE WATER/SEWER SYSTEMS INTO ONE.

THERE IS ABSOLUTELY NO REASON TO CONSOLIDATE THEM, WE ARE NOT CONTIGUOUS TO ANY OF THEM , AS A MATTER FACT ON REVIEWING A MAP OF THE PROPOSAL INDICATES THAT WE ARE MILES AND MILES AWAY FROM VERRADO, ANTHEM AND THE PROPOSAL COVERING MOHAVE.

I STRONGLY URGE YOU AND THE MEMBERS OF THE COMMISSION TO DENY THE "APCOR" PROPOSAL, AND LEAVE US SENIOR CITIZENS IN THE SUN CITIES ALONE AND DO NOT USE US TO PAY FOR FACILITIES, THAT ARE MILES AWAY AND IN ESSENCE WILL SUBSIDIZE THOSE AREAS AND FUTURE DEVELOPMENTS ON THE BACK OF US SENIOR CITIZENS.

PLEASE HEAR OUR APPEAL AND DENY THE ABOVE REFERENCED DOCKET

SINCERELY YOURS

Dear Sir:

We are members of the Solo Spouse Group of Sun City and Sun City West. We have lost our spouses, and in most cases live alone. Most of us live here for most of the year except for occasional visits to our families. We have spent our lives giving to others, our communities and to our country. We adhere to the principle that any action that is taken that affects people's lives must be based on the principle of "What is Right and Just".

It seems unfair for senior households with minimal wastewater to bear the increased rates to pay for family households in Mohave, Agua Fria and Anthem who have higher levels of wastewater.

Many full time residents in the Sun City and Sun City West communities are on limited incomes because some never envisioned living into their 80s or 90s. Debt has reached an all time high for seniors as they are faced with meeting their needs with less income due to loss of investments from the recession. Most do not have the option of finding a part time job to supplement their income to met new financial demands.

Please do not place more financial burden on those who can ill afford it, and will be forced to do without necessities in order to pay the increases proposed for the unification of the water districts.

Debt has reached an all time high for seniors as they are faced with meeting their needs with less income due to loss of investments from the recession. Most do not have the option of finding a part time job to supplement their income to met new financial demands.

Please do not place more financial burden on those who can ill afford it, and will be forced to do without necessities in order to pay the increases proposed for the unification of the water districts.

Sincerely,

Dear Sir:

We are members of the Solo Spouse Group of Sun City and Sun City West. We have lost our spouses, and in most cases live alone. Most of us live here for most of the year except for occasional visits to our families. We have spent our lives giving to others, our communities and to our country. We adhere to the principle that any action that is taken that affects people's lives must be based on the principle of "What is Right and Just".

It seems unfair for senior households with minimal wastewater to bear the increased rates to pay for family households in Mohave, Agua Fria and Anthem who have higher levels of wastewater.

Many full time residents in the Sun City and Sun City West communities are on limited incomes because some never envisioned living into their 80s or 90s. Debt has reached an all time high for seniors as they are faced with meeting their needs with less income due to loss of investments from the recession. Most do not have the option of finding a part time job to supplement their income to met new financial demands.

Please do not place more financial burden on those who can ill afford it, and will be forced to do without necessities in order to pay the increases proposed for the unification of the water districts.

Re: **DOCKET NO. W-01303A-09-0343; SW-0303A-0-0343,**
Wastewater Rate Design Examination

Attn: Bob Stump

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

If the rate increase is approved as requested it will place an additional financial burden on many of the residents of Sun City. Most have moved here because of the economic advantages of this retirement community, such as Real Estate taxes and insurance rates. Most residents are retirees and live on fixed incomes. Some may have to make choices in their living standards to compensate for this increase. Hopefully they will not have to make choices with their budget regarding food or medical expenses.. It seems unreasonable for us to be burdened with the expense of correcting problems created in other water districts due to poor planning.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

Ronald E. Hunter

Wastewater Rate Design Examination**

Dear Commissioner Bob Stump,

As a resident of Sun City, I had to take my social security at 62 and I have no pension and a limited 401K plan. I have been working as a barista at a local Starbucks for minimal wage for seven years to supplement my income. I will be 66 in February with no retirement in sight. I am lucky that my health allows me to stand on my feet and work a younger person's job. At my age, finding another job is not going to happen. I don't have long-term nursing insurance and probably never will be able to afford it. I moved to Sun City eight years ago because it is the best low-cost senior living community. A 90% rate increase is excessive and I do not believe it is in our city's best interest to consolidate our water system to subsidize other communities that did not plan well. According to Carole Studdard SCHOLA marketing director, the numbers do not add up and has Sun City subsidizing these other communities. This is not right and should not occur. I want you to know this would be a great hardship for me and I imagine for many other seniors that are barely getting by.

I plead with you to leave Sun City out of any water consolidation. Sun City by itself can afford any future overhaul at a lower cost to its residents should it be needed sometime in the future. Since I have been to several meetings and have reviewed the future costs that may be needed, it is very obvious that it would be much less expensive for Sun City remaining alone rather than participating in the proposed consolidation. Tapping into resources from seniors should not be a consideration to offset costs to appease a few. **Remember one day you will be a senior and be in my shoes.**

Sincerely,

Carol Sagun
