Re: Appaloosa Water Company
Docket #: W-03443A-13-0379

Dear Commission Member:

Our residents are concerned about the following issues:

1. Adequate water supply and pressure in the event of fire;
2. Loss of pressure when power is lost due to unexpected circumstances such as severe rain storms;
3. Inadequate water supply because the owner of Appaloosa Water Company is supplying his personal development area with water from the same well we rely upon; and
4. Owner's repeated failure to comply with Arizona Corporation Commission orders regarding storage tanks and emergency generators.

Lastly, we have a general question: Is it legal for a convicted felon to own and operate a public utility?

We would appreciate the Commission's response to these concerns. Thank you.

Respectfully,

John 'Jay' Bates
President, Home Owners Association
