Page 34, Line 14, insert new Findings of Fact No. 110:

“110. “In Decision No. 72724 (January 6, 2012), the Commission implemented interim rates which included Monthly Minimum Charges and a Commodity Rate of \$1.45 per 1,000 gallons for VVPOA. The Decision also required VVPOA to pay a \$20,000 deposit on January 1, 2012, and stated that the deposit was to be refunded with interest by Truxton, on VVPOA’s August 2012 bill, if VVPOA remained current on its bills. Further, the Decision required that all monies collected through the interim tariff were to be subject to a true up in this proceeding. The parties did not provide evidence calculating deposit refund amounts or true up amounts based on the proposed rates. In compliance with Decision No. 72724, Truxton should be required to prepare, as a compliance item in this docket, a report detailing the amount of the refund, with interest, that is to be credited to VVPOA’s August 2012 bill, as well as a calculation of all monies subject to true up based on this Decision. Truxton shall file its report within 14 days of the effective date of this Decision, and VVPOA shall file its response 14 days after Truxton’s filing. Staff shall be required to review the filings and make its recommendations set forth in a Proposed Form of Order for the Commission’s consideration.”
