ORIGINAL

Dear Chair Stump,

Energy efficiency is what small businesses in Arizona need. As a small business owner, I don't want to continue worrying about my high bills if I have the option to be efficient.

Because of this, the energy efficiency standard is imperative, and I support it. I truly hope you will also support it as I believe it will make a difference for small businesses. I realize that I'll have to make an initial upfront payment, which I'm willing to do so long as I see a cut in my future energy costs. Thank you for your attention.

Best,

Debra J. Owen
