ORIGINAL

Dear members of the Arizona Corporation Commission,

I am a small business owner in Arizona, and I value energy efficiency. This is primarily because my energy bills have gone through the roof, and I believe that being efficient will save me money in the long run. The energy efficiency standard will boost our economy, so I urge you to support it. Small businesses will thank you! I would be willing to pay a little bit more for my utility rates, so that my future energy bills are more manageable. Please do not delay.

Respectfully,

Rosanna Feyerabend
