ORIGINAL

Dear Chair Stump and members of the Arizona Corporation Commission:

I am the owner of a small business in Arizona, and my utility bills have been exorbitant. Thus, my business has taken a major hit as many of my profits instead go toward paying for energy. I feel that this is an extremely inefficient use of both energy and money, and a fix is in order. Fortunately, I heard about the Energy Efficiency Standard, and I totally agree with its aims and goal of 22% by 2020. Please implement this standard; small businesses in Arizona are depending on it.

Sincerely,

Dira Reeves
