Docket E-0000XX-13-6214

Dear members of the Arizona Corporation Commission:

I have owned my small business for quite a few years

My utility bills just keep on increasing, and to pay them, I am forced to make a cut in my profits. Fortunately, I heard about the Energy Efficiency Standard, and I support this Standard. I believe it is the right decision and will benefit small businesses.

Please implement the Standard to its full extent; your decision will lead to major consequences, whichever way you choose to go.

Thanks for all that you do; I really appreciate it.

Sincerely,

Arizona Corporation Commission
