Honorable Commissioners"

PETITIONS-Water/Wastewater Docket #'s
W-01303A-090-0343 & SW-01303A-09-0343

Attached find the following Sun City West resident EPCOR ratepayer signatories totaling 3,976 households, joining with the 5,485 household in Sun City for a collective total of 9,461 residents, do hereby petition the Arizona Corporation Commission to vote NO and remove from consideration, the issue of "Full Consolidation" of EPCOR's wastewater districts presently included in the review of the matter per Dockets # W-01303A-09-0343 and SW-01303A-09-0343.

The aforementioned Dockets were issued decisions by the Commission and closed in 2012. One such decision was to reject the concept of "full consolidation" of the EPCOR water/wastewater districts. On March 13, 2014 and April 10, 2014 (Docket Dates), the Arizona Corporation Commission (ACC) received petitions from the communities of Corte Bella, Cross River, Dos Rios and Coldwater Ranch requesting remedy for their exorbitant high wastewater rates. The consolidated signatory count was approximately 3,400. The petitions clearly listed their expectations. In no case was there mention, nor expectation thereof for "full consolidation" of the EPCOR wastewater districts nor any mention of any action relating to the Sun City wastewater district.

There was no complaint or mention of "full consolidation" until stated on page 6, item (3), which is contained in ACC's Staff recommendation document dated July 8, 2014.

The matter of "full consolidation" of EPCOR water/wastewater districts was ruled NOT in the best interests of the public in 2012. It is improper to be discussing and/or voting to overturn a previous decision, certainly without a full rate case which must be removed from the current proceedings.

PORA 13815 Camino del Sol Sun City West, AZ 85375 623-584-4288 porascw.org

PETITION - WATER/WASTEWATER DUCKET # 3.
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:

Five (5) districts which Sun City and Sun City West compose 70% of its customer base.

2. Result:

Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.

3. Dangerous:

Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Decketts: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET #S: W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation: Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result: Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous: Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets:

W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET # 3.
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION – WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting – consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

Beth

ONLY ONE SIGNATURE PER HOUSE HOLD, PLEASE.

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

ONLY ONE SIGNATURE PER HOUSE HOLD, PLEASE.

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:

Five (5) districts which Sun City and Sun City West compose 70% of its customer base.

2. Result:

Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.

3. Dangerous:

Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET # 5.
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:

Five (5) districts which Sun City and Sun City West compose 70% of its customer base.

2. Result:

Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.

3. Dangerous:

Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET # 5.
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION – WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:

Five (5) districts which Sun City and Sun City West compose 70% of its customer base.

2. Result:

Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.

3. Dangerous:

Precedent setting – consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET # 5.
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET #S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:

Five (5) districts which Sun City and Sun City West compose 70% of its customer base.

2. Result:

Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.

3. Dangerous:

Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET #'S:

W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:

Five (5) districts which Sun City and Sun City West compose 70% of its customer base.

2. Result:

Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.

3. Dangerous:

Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION – WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting – consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION – WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting – consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION – WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting – consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION – WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting – consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

PETITION - WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

Five (5) districts which Sun City and Sun City West compose 70% of its customer base.

2. Result:

Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.

3. Dangerous:

Precedent setting – consolidate wastewater, then water.

12

PETITION – WATER/WASTEWATER DOCKET #'S:
W-01303A-09-0343 AND SW-01303A-09-0343

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:
Five (5) districts which Sun City and Sun City West compose 70% of its customer base.
2. Result:
Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.
3. Dangerous:
Precedent setting – consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.

EPCOR

PETITION - WATER/WASTEWATER DOCKET #'S:

W-01303A-09-0343 AND SW-01303A-09-0343

141 Per.

wants to Raise Prices

Water

We the following signatories respectfully petition the Commissioners to vote NO on all Consolidation Proposals for the following reasons:

1. Proposed EPCOR Consolidation:

Five (5) districts which Sun City and Sun City West compose 70% of its customer base.

2. Result:

Sun City and Sun City West wastewater rates would increase Sun City and Sun City West's annual fee by nearly \$5 million. Sun City and Sun City West pay for 70% of new consolidated districts capital improvements/upgrades indefinitely.

3. Dangerous:

Precedent setting - consolidate wastewater, then water.

The following Sun City West resident ratepayers signatories do hereby petition the Commissioners to terminate all the issues of Consolidation of the EPCOR wastewater districts presently included in the review of the matter per Dockets: W-0130A-09-0343 and SW-01303A-09-0343, as well as any subsequent amendments, revisions of, or substitutions for any consolidation proposal.
