Arizona Corporation Commission
Commissioner Veg
1200 N. Washington Street
Sevens Floor
Phoenix, Arizona 85007

Mr. Bob Stramp, Chairman

I am President of Sun City and I want to
voice that I am opposed, strongly opposed, and
against consolidation and subsuming other districts
for poor planning and choices. Name of docket
Epass Wastewater consolidation, utility name Epass
Docket numbers W-013031-09-0343 and SW-013031-09-0343.
Thank you for your consideration in this
matter. A lot of us that live in Sun City
have a limited budget for utilities, medicines,
food, and daily living needs plus gasoline and
insurance and upkeep of our cars.

Sincerely,
James Brusco
10807 W Thunderbolt Blvd.
Sun City Arizona 85351

To the members of the ACC:

As a resident of Sun City West, I have grave concerns regarding the EPCOR wastewater consolidation proposal.

While the initial increase for SCW appears moderate, the requirement that we subsidize all future infrastructure costs for surrounding communities changes everything. We in the Sun Cities chose our community based, in large part, on the cost involved to live here. The costs examined were mainly in the areas of taxes and utilities; to suddenly change the way our water bills are computed should not be allowed.

When EPCOR bought the water company a few short years ago, they were aware of the infrastructure's condition, and should have figured that into the price they paid for the company. We should not have to pay for their shortsightedness. Nor should we be asked to pay to increase their profit margin.

There are better ways to handle this situation and it is imperative that the ACC stop the proposed consolidation until all options have been explored. The communities impacted need to have the chance to explore the issues and provide input on a workable solution.

EPCOR's proposal gives them, a foreign company who shouldn't have control over our water to begin with, carte blanche in handling this precious resource.

Aunt A. McGeary
Barbara A Mc Geary

November 1, 2014

Dear Commissioner Stump,

I writing to request you **reject** EPCOR Water's request to consolidate water and sewer rates for the communities of Sun City, Sun City West, Aqua Fria, Anthem, and Mohave. This consolidation discriminates against the communities of Sun City (SC) and Sun City West (SCW) by **subsidizing the rates and expansion cost of the Aqua Fria, Anthem and Mohave.**

Listed below are the points that I believe discriminate against Sun City and Sun City West.

1. When Del Webb Corporation built the two Sun Cities he capitalized the water and sewer systems and **included such costs in the cost of building parcels?** If consolidation requires the two Sun Cities to help pay for water and sewer expansion in the other cities to be served by consolidation this clearly discriminates against all citizens of Sun City and Sun City West.
2. SC and SCW are retirement communities and as such many property (outlet users) are on fixed income and the consolidation would increase water and sewer rates by 11-88% and in addition require further increases to cover system expansion in Aqua Fria, Anthem and Mohave. Again, this is discriminatory against senior citizens to the advantage of new communities for all ages.
3. This proposal would end for SC and SCW cost of service that was built into the cost of operation of the water and sewer systems in our communities.
4. This consolidation would have SC and SCW the two largest communities affected subsidize current rates in Anthem, Aqua Fria and Anthem by nearly 100%.

The data used to put together this proposal by EPCOR is 8 years old not accurately reflecting current cost and user bases.

As you are well aware in most areas of Arizona and in most other states the developer pays for the cost of water and sewer infrastructure and build costs into property costs. What is the rationale for requesting that two communities made up of senior citizens be asked to subsidize the water and sewer rates and infrastructure costs of other communities??

In closing I would urge you to **REJECT** EPCOR's request for consolidation of water systems in Sun City, Sun City West, Anthem, Aqua Fria and Mohave.

Respectively

Mike Bjur

October 2, 2014

Subject: Docket Nos-01303A-9-0343 and SW-01303A-09-0343

Dear Sir:

We are members of the Solo Spouse Group of Sun City and Sun City West. We have lost our spouses, and in most cases live alone. Most of us live here for most of the year except for occasional visits to our families. We have spent our lives giving to others, our communities and to our country. We adhere to the principle that any action that is taken that affects people's lives must be based on the principle of "What is Right and Just".

It seems unfair for senior households with minimal wastewater to bear the increased rates to pay for family households in Mohave, Agua Fria and Anthem who have higher levels of wastewater.

Many full time residents in the Sun City and Sun City West communities are on limited incomes because some never envisioned living into their 80s or 90s. Debt has reached an all time high for seniors as they are faced with meeting their needs with less income due to loss of investments from the recession. Most do not have the option of finding a part time job to supplement their income to met new financial demands.

Please do not place more financial burden on those who can ill afford it, and will be forced to do without necessities in order to pay the increases proposed for the unification of the water districts.

Sincerely,

(✓)

I am opposed to full consolidation of all EPCOR wastewater districts.

As a Sun City, AZ resident I am requesting you do not allow full consolidation of all the EPCOR wastewater districts. Based on the figures supplied by EPCOR, each Sun City wastewater user would experience a 90% rate increase if full-district consolidation was to be approved by the Commission.

EPCOR noted in their ACC response they have projected additional capital improvement costs for the Sun City District of \$9.3M over the next five years. If a full consolidation were to take place, Sun City users would be required to pay an additional \$22.5M over the noted five-year period. This equates to subsidizing other district costs in the amount of \$13.2M. We cannot and should not be required to subsidize other districts for poor planning and choices.

Thank you for your consideration and a vote to deny full consolidation of the EPCOR wastewater districts.

Respectfully yours,

I am not opposed to full consolidation of all EPCOR wastewater districts.

Comments: *After the presentation (professional) by the RUCO team, I am more convinced that the commission is not looking out for the interests of the Sun City residents. Rather they appear to be looking out for the interest of big business. Their approach is very unprofessional. Business buys into their investments*

Subject: Docket W-01303A-09-0343 -- EPCOR Sun City Waste Water Consolidation

Dear Ladies and Gentlemen:

I am writing to express my very strong objection to the waste water treatment district consolidation proposed by EPCOR Water that would significantly increase waste water charges for Sun City, AZ residents.

When this proposal was first reported in July 2014, it sounded as if this was a fairly recent situation for which the Corporation Commission wanted EPCOR to submit proposals. When I looked up Docket W-01303A-09-0343 in the Corporation Commission's e-Docket system, I was amazed to learn that this Docket was opened in 2009. That was a full two years before EPCOR purchased American Water. Why, if this situation existed in 2009, wasn't it addressed as part of the sale of Arizona American Water to EPCOR?

To date, I have not seen any reporting that explains why such exorbitant waste water rates were originally approved for the districts in question. Weren't these rates subject to Corporation Commission review? Why didn't the Commission compare the original rate filings for these smaller districts against the overall waste water rates in the surrounding districts and ask questions about the inequities before the very high rates were approved?

Once the rates were approved, why weren't the contractors developing the property in these districts required to disclose the waste water rates to prospective buyers? This certainly was a case of buyer beware.

The time to address the huge difference in the waste water rates in these districts was before the original rates were ever approved. Since that didn't happen, the next opportunity to remedy the situation would have been at the time of the sale of Arizona American Water to EPCOR in 2011. Again, that didn't happen. So the next question is why has the the Corporation Commission decided that now is a good time to equalize the waste water rates of these five districts? Could it have anything to do with the Corporation Commission elections next month?

As a Sun City resident, I find the current proposal to consolidate five different waste water districts and equalize their current rates by doubling Sun City's waste water rates to be totally unacceptable. The residents of Sun City are being asked to shoulder a burden created by the Corporation Commission, Arizona American Water, and EPCOR.

The Corporation Commission has failed to exercise it's fiduciary responsibility to Arizona America Water, now EPCOR's, customers. The Commission is receiving complaints from customers paying the exorbitant waste water rates and finds itself backed into a corner of its own making. Asking EPCOR to submit the proposal for remedying the situation is one more step the Corporation Commission has taken to distance itself from its responsibility.

It's time for the Corporation Commission to take a hard look in the mirror and acknowledge that this inequity is largely of their own creation. There are consequences to the Commission's actions. Sometimes it takes a while for them to appear, but as in this case the consequences do eventually come home to roost.

The Commissioners need to stand up, admit they've made mistakes, and look for an equitable solution for the districts being overcharged. A solution that does not look to other EPCOR districts to make up the shortfall that will be created by addressing the mistakes made when setting exorbitant water waste rates for the smaller districts.

It's pretty obvious the Corporation Commission is most interested in EPCOR's best interests. It wouldn't surprise me at all if EPCOR was given a wink and a promise in 2011 that within two or three years after the sale, they would be able to expect waste water district consolidation to be approved. EPCOR might have also been promised water rate increases and SIB surcharges such as those discussed in Docket W-01303A-14-0010 when they purchased American Water.

Citizens don't have a choice of water utilities. We have to rely on the Corporation Commission to make well thought out decisions that protect our wallets. We are not the proverbial cash cows who can crack open more golden eggs to pay for your fiscal irresponsibility.

I look forward to an announcement from the Corporation Commission in the very near future that states the proposal to reduce the waste water rates in several districts by raising the waste water rates in Sun City has been discarded and other ways of rectifying the situation are being researched.

Thank you for the opportunity to comment.

Sincerely,

La Verne M. Porsche
Sun City, AZ 85351
