ORIGINAL

Dear Commissioners,

ARIZONA CORPORATION COMMISSION
DOCKET CONTROL

Smart Meter Opt-Out Is A Mirage

A Realistic Opt Out Needs To Include: THE GRID Smart Meter Only opt-out charges: are Fraud

Because of the AMI WMD¹ Smart Mesh Network Grid, a Meter Only Opt-Out Does Not Work from a "Safety, Health, Comfort and Convenience" point of view.

The real way to do an authentic Opt-Out is to make it a Mesh Network Opt Out – AKA BAN THE ENTIRE MESH NETWORK GRID and dismantle the entire neurotoxic, genetically harmful and cancer causing microwave infrastructure.

Additionally, by banning so called "smart" meters and their saw-tooth microwave mesh network grids: **APS and the ACC come into comfortable compliance with A.R.S.40-361.B, A.R.S.40-321.A, A.R.S.40-202.C.1 and A.R.S. 44-1522. Abiding by the law is very convenient for all of us!**

We Must Recall AMI before Autism, Alzheimer's' and cancer death rates get too extreme to ignore.

Respectfully Submitted,

Patricia Ferrer

Arizona Corporation Commission
