Response as of 10/27/2014

- 2.1. Please identify the names of any and all witnesses the Café plans to call at hearing in this matter.

Response—as of this date the following witnesses may be asked to testify in this hearing:

Catherine Marr, Al Swanson, Kevin Binkley and/or his representative, Jan Sevela, Paula Sevela, Alberto Liana, Bob and/or Jo Gemmill, Rod de Szendeffy, Harry Vardikas, Ed Lewis, Kristen Brown, David Schwan, Gary Neiss, Les Peterson, Melissa Price, Mike Meyers, Holly Bergman, Ray Klemp and/or representative, Jack Jakosky and /or Nominee, David Jarand, Max Ortega and/or Nominee, Kent Kleiner, Frank Andre, Robin Mitchell and/or Staff and any witnesses called by Respondent.

- 2.3. For any and all witnesses identified in response to Data Request 2.1, please identify the subject matter of their testimonies. *Most Testimony will be by significant Stakeholders in Carefree, Nominees and/or their elected representatives and will be centered around the importance of directing the Utility to bill restaurants by the meal, rather than chair count to establish and maintain reasonable and affordable Sewer rates in the small Town of Carefree (only 1600+/- homes) so as to allow existing restaurants to stay in business; encourage development/re-development in the Town; the importance of having viable/excellent restaurants to sustain retail business and attract tourists; the fact Liberty Utilities has been erratic in their billing practices and substantially increased Sewer rates (again during the 2013 calendar year) to many restaurants after enduring a 40% rate increase authorized by the AZCC to again raise sewer revenue (over and above projected revenue streams established in the base year ending in 2008; current billing practices force restaurants to pay for treatment of millions of gallons in wastewater treatment more than water purchased—every year; the perspective Sewer rates are a “deal killer” to prospective tenants with any sizeable chair count/volume in the leasing process; the fact that all restaurants (of any size) are computerized to accept credit cards and order meals through the kitchen—that an accurate meal count is easy to provide and pretty much impossible to adjust meal counts, once processed for payment.*

- 2.2. For any and all expert witnesses identified in response to Data Request 2.1, please provide a copy of each witness' resume and/or curriculum vitae, and a copy of any and all reports prepared by such witness. *While all witnesses have expertise, no "expert witnesses" (paid for testimony) is envisioned by the Café.*
- 2.3. Please provide a listing of any and all exhibits that the Café intends to use at hearing. Note: the documents produced in response to BMSC's first set of data requests do not have to be produced again. *The Exhibits the Café are likely to use are matters of public record (i.e., tariffs, ACC decisions and rules) as well as any Exhibits heretofore provided the Utility/Respondent during this process; additional Exhibits contemplated, at this juncture, are attached.*
- 2.4. Admit that BMSC has billed the Café since April 1, 2013 consistent with its tariff approved by the Commission in Decision No. 71865 (September 1, 2010). If you deny this data request, in whole or in part, please state the basis for such denial with specificity. *BMSC has billed the Café based upon the Utility's employees chair count—a chair count which, in fact, is very inaccurate; the chair count in the restaurant varies from day to day, based upon special events orchestrated by the Town of Carefree, and not necessarily representative of the day to day needs of the restaurant.*
- 2.5. Admit that all Restaurants served by BMSC are billed based on the number of chairs in the establishment. If you deny this data request, in whole or in part, please state the basis for such denial with specificity. *The Café would have no knowledge if BMSC bills all restaurants based upon the number of chairs; common sense dictates (Spanish Village with at least 500 chairs) a chair count is unaffordable for any restaurant as evidenced by the fact Carefree Station is no longer in business.*
- 2.6. Admit that the Café has not been paying the bills it has received from BMSC and now owes the Company in excess of \$9000. If you deny this data request, in whole or in part, please state the basis for such denial with specificity. *The Café has paid \$3,826.06 ($\$3,826.06 / 19 \text{ months} = \text{an average of } \201.37 per month) for the period in question (per inquiry 2.4 above) which is in accordance with BMSC "New Rates" approved by Decision No. 71865 of the Commission's Order, since April of 2013: $[52,615 \text{ "Meals" (includes Salads, specials logged as "No Item", Entrees \& Sandwiches, Breakfasts and Happy Hour Snacks)} / 517 \text{ days} = \text{an average of } 101.77 \text{ meals per day} \times 7 \text{ gallons per/unit/day} = 712.39 \text{ gallons per day} \times \text{approved Sewer Fee of } .248734 = \$177.20 \text{ per month for Sewer Fee (not including taxes) paid for waste water processing to Liberty Utilities, since April 1, 2013.}$*

**RE: Sewer Rate Adjustment for Venues Café
Inquiry #108599**

Dear Mr. Swanson;

Black Mountain Sewer Corporation ("BMSC") dba Liberty Utilities ("Liberty") is an Arizona public service corporation that provides wastewater utility service to specific areas in the Town of Carefree and the City of Scottsdale. As a public service corporation, our rates and charges for wastewater utility service are established by the Arizona Corporation Commission ("Commission") and set forth in the tariffs on file with the Commission. In your case, Liberty provides wastewater service pursuant to Decision No. 71865 and the filed tariffs under that decision. Your business is a commercial establishment and restaurant. Under our filed rates, Liberty's tariff requires us to invoice you based on flows as calculated in Arizona Department of Environmental Quality's Engineering Bulletin No. 12 ("Bulletin"). Specifically, under the tariff, "wastewater flows are based on Engineering Bulletin 12, Table 1 for purposes of determining a monthly charge for individual customers on this rate." As a commercial establishment, your monthly rate per the Commission decision is \$0.248734 cents per gallon per day. Under ADEQ Engineering Bulletin, flows are based on the number of meals served or the number of chairs in the establishment. Specifically, that Bulletin establishes 30 gallons per unit per day as the flow rate per seat for a restaurant. See calculation below:

Sewer Calculation				
	Number of seats	Rate (30 gallons per/Unit/day)	Approved Rate (\$0.248734)	Sewer Fee (not including Taxes and Fees)
Venue's Cafe	109	30	0.248734	\$813.36

As set forth in its tariff, Liberty invoices for wastewater utility service based on the number of seats/chairs per establishment. This has always been the Company's practice and it has been applied equally to all similarly situated customers. Recently though, it has come to our attention that the number of chairs in your restaurant may be different than the number of chairs we show in our records and upon which we base our monthly invoiced. Accordingly, an audit was performed at your establishment on March 18th, 2013, to determine the number of

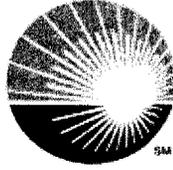

seats/chairs at your business for purposes of calculating the monthly usage charge for sewer services. The audit indicated 109 chairs and based on the calculation above your new sewer rate, not including taxes and fees, is \$813.36 per month. This amount will be reflected in your April billing. Liberty will be periodically auditing chair counts on an ongoing basis to reflect seasonal fluctuations.

If you have any questions or require additional information, please feel free to call us at (480) 488-4152. Our office hours are Monday through Friday from 7:30 a.m. to 4:30 p.m.

Sincerely,

Matthew Garlick

This is a courtesy letter to inform you of a change to your account.

Adhering to the rules and regulations set and approved by the ACC (Arizona Corporate Commission) and in accordance to the Engineering Bulletin No.12; the monthly sewer service charges for a "restaurant" are calculated on a *per gallon / per day flow rate*.

We routinely audit the establishments within our service area and during this past December it was verified that your restaurant had 108 chairs available for service.

We have revised the number of chairs on your account from 12 to 108; this does mean that your billing will also be changing accordingly.

Your current monthly flat fee for service is \$805.90. Your new monthly flat rate for wastewater service fees is as follows:

Your restaurant has 108 seats available for service; the *per gallon / per day flow rate* is 30 days (x) the commercial rate of \$0.248734 (x) 108 seats = \$805.90 a month

If you have any questions we can be reached at 480-488-4152 Monday through Friday 7:30am to 4:30pm.

Best Regards

IN THE MATTER OF THE FORMAL
COMPLAINT AGAINST BLACK
MOUNTAIN SEWER CORPORATION
FILED BY CAREFREE 34 INC. / OFFICE
ON EASY STREET, INC. dba VENUES
CAFE.

DOCKET NO: SW-02361A-13-0359

**RESPONSE TO FORMAL
COMPLAINT**

Liberty Utilities (Black Mountain Sewer) Corp. f/k/a Black Mountain Sewer Corporation ("BMSC" or the "Company") hereby responds to the formal complaint filed by Venues Café. In summary, the customer is being charged the rate authorized by the Commission in Decision No. 71865 effective September 1, 2010. The customer does not claim a mathematical error or other source of overcharge, therefore, the customer's complaint is really just an impermissible collateral attack on the Commission's approved rates for service by BMSC. The complaint should be dismissed.

In support of this response and request for dismissal, BMSC states as follows.

First, Venues Café has not experienced a rate increase in 2013 as alleged. Rather, the Company discovered in November 2012 that the customer was being billed as an office, and not as a restaurant. In January 2013, a notice was mailed to the customer, explaining that the monthly rates would be corrected and the customer would be billed as a restaurant. A second letter was mailed in February 2013 notifying the customer that a chair count audit would occur prior to March 15, 2013. The customer was billed as a restaurant beginning April 2013. The Company made no effort to recover amounts that were under billed.

EXHIBIT
R-S
ADMITTED

1 Second, the rates charged by the Company for restaurants are based on the number
2 of chairs in the establishment. The Company conducted an audit to determine the number
3 of chairs in Venues Café in November 2012, and then again in March 2013, and will
4 continue to do so each quarter. Since the customer was switched from an office to a
5 restaurant, the charges have been based on the chair count. All restaurants served by the
6 Company are charged in this manner per the Company's current Commission-approved
7 tariff.

8 Third, the customer's claims that the rates are excessive, discriminatory unjust
9 and/or unreasonable challenge the Commission-approved rates. The customer does not
10 and cannot claim that the Company is not implementing the rates approved by the
11 Commission. Decision No. 71865 is final and non-appealable. As a consequence, the
12 customer's challenge to the rates approved by the Commission is an impermissible
13 collateral attack. *See Ariz. Rev. Stat. § 40-252.*

14 Fourth, the relief customer seeks—new rates or special rates or some other change
15 in the rates—can and should only be addressed in a rate case. Again, this follows from
16 the fact that the customer is not complaining that the Company has charged it incorrectly.
17 The customer simply does not like the rates and rate design approved in Decision No.
18 71865. This customer, like others with similar concerns, is free to intervene in the next
19 rate case and advance such concerns. The Company is required to file a rate case within
20 12 months of the closure of the East Boulders Wastewater Treatment Plant pursuant to
21 Decision No. 71865. But the Commission cannot, as a matter of law, change the rates for
22 restaurants or other customers outside a rate case. *See Scates v. Ariz. Corp. Comm'n,*
23 *118 Ariz. 531, 534, 578 P.2d 612, 615 (App. 1978).*

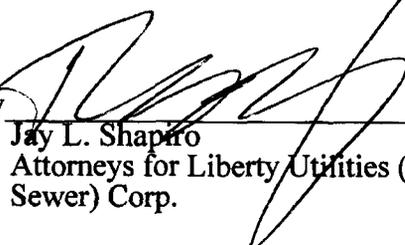

24 For these reasons, the Formal Complaint brought by Venue's Café should be
25 dismissed, or, in the alternative, denied on its merits.

BLACK MOUNTAIN SEWER CORPORATION
NEW RATES

Docket No. SW-02361A-08-0609

On December 19, 2008, Black Mountain Sewer Corporation ("BMSC") filed a rate application with the Arizona Corporation Commission ("Commission"). BMSC requested a rate increase that would produce a just and reasonable rate of return on the fair value of BMSC's utility plant and property. The proposed rates were thoroughly audited by Commission Staff, and a public comment session and evidentiary hearings were held. After considering all of the evidence presented, the Commission issued Decision No. 71865 ("Order") on September 1, 2010, authorizing a 43% rate increase. In its Order the Commission approved the following rates and charges, **effective September 1, 2010:**

<u>SEWER</u>	<u>SERVICE CHARGES</u>

	(b) Per A.A.C. R14-2-606(B)
	(c) Per gallon per day. Wastewater flows are based on ADEQ Engineering Bulletin No. 12, in accordance with the Order.
<u>OFF-SITE FACILITIES HOOK-UP FEE</u>

6 Inch Service Line \$3,901.00	
8 Inch Service Line \$6,936.00

Notice of One-Time Debit:

In BMSC's prior rate case, BMSC was required to refund \$833,367 to customers due to unexpended hook-up fees held by BMSC. In approximately December 2006, pursuant to Commission Decision No. 69164 (December 5, 2006), BMSC refunded \$412.15 to each customer on record. Carefree Inn Estates HOA, as one customer, received just one refund for the entire development, as opposed to 33 refunds, one for each of its 33 residents. The Commission has now ordered that each of the 33 residents of Carefree Inn Estates HOA be treated as an individual customer and provided a refund consistent with the refunds previously paid pursuant to Decision No. 69164. In order to appropriately refund the Carefree Inn Estates residents, BMSC must make corresponding debits to each customer account that received the \$412.15 refund in accordance with Decision No. 69164. This is reflected in a one-time debit in the amount of \$7.96.

Billing Adjustments:

Total monthly sewer and miscellaneous charges are subject to adjustment for all federal, state, and local government taxes, levies, and any assessments that may be imposed by federal or state regulatory agencies on sewer gross revenues.

If you have any questions regarding this Notice, please call BMSC at 480-488-4152 or 800-525-
