AZ CORP COMMISSION
DOCKET CONTROL

Dear Chairman and Commissioners,

My name is David Furlong. I am an SRP customer as well as an employee for a local energy efficiency company.

I am writing to urge you to oppose any reopening or revisions to Arizona's Energy Efficiency Standards.

Being an SRP customer as well as an energy efficiency contractor, my motive is two-fold. I see firsthand how the standards have impacted my own energy bills. Also, I am very proud of the fact that, as an energy efficiency contractor, I am able to make an impact where I live on increasing our state's efficient use of its energy resources.

The standards are working to lower customer utility bills and make Arizona an affordable place to live and do business. They also allow for a steadily growing job market in the area of energy efficiency contracting.

I am confident you will do the right thing for Arizona and our state's economic development. Please continue to support the Energy Efficiency Standards adopted in 2010.

Sincerely,

David S. Furlong
