Dear Mr. Smith,

Your comments for Docket E-00000XX-13-0214 have been received and will be entered into the record. It appears that you are commenting on the benefits of energy efficiency/demand side management and not the draft rules. Re: Energy Efficiency Standard

Dear Corporation Commissioner Members,  
I am an APS customer and particated in 2012 in the APS Home Energy Checkup program. This program and the available energy efficiency rebates have allowed me to have affordable access to energy efficiency improvements on my home that I might not have been able to pursue without the rebates. As a rate payer I would like to encourage you to support the Energy Efficiency Standard that has been instrumental to creating and implementing these energy efficiency programs. Ending these programs would have a detrimental effect to our states sustainable future, job growth and energy independence. Please keep these valuable programs around for future rate payers like myself.

Sincerely,  
Dr. Vera Markgraf
