Name:diane ensign Date:11-21-14 Address: Phone: CityStateZip:tucson, az. 85704 Cell: Docket:E-O1345A-13-0069 DocketNo:E-O1345A-13-0069 Utility:USA State of Arizona Dept. of Health Services Smart Meter Report Position:Con Email:

Comments:The report from the Az. Dept. of Health on the safety of smart meters was flawed & incompetent. There is unlimited information on the ill effects caused by smart meters & electro magnetic frequency equipment. The Az. Dept. of Health was in major error in it's report making many mistakes & misrepresenting false info failing to report on the actual ill effects caused by smart meters to a large percentage of the population. I work with people who become extremely ill from the effects of smart meter & EMF technology & there are some people everywhere that have been forced to have smart meters who have been made extremely ill by them. It is so irresponsible to disregard all the info out there warning about the health hazards of smart meters. This is most shameful when so many people will loose their health if smart meters are forced on them by electric co. I challenge the Dept. of Health to actually do extensive research into this problem & remember that people who

UTILITY COMPLAINT FORM

are already ill from electro magnetic frequencies are not going to be on computers answering questions about smart meters because they are already ill. Smart meter installation & use will make a very noticeable percentage of our nation's people who are forced to install them ill.
