**DOCKETED**

**ORIGINAL**

DOCKETED BY

IN THE MATTER OF THE APPLICATION OF  
GRAHAM COUNTY ELECTRIC COOPERATIVE,  
INC. FOR APPROVAL OF THE 2015 REST  
IMPLIMENTATION PLAN, RES TARIFF, AND  
NET METERING TARIFF

DOCKET NO. E-01749A-14-0257

**EXCEPTIONS**

On December 9, 2014, Graham County Electric Cooperative, Inc. ("GCEC") filed exceptions to the Arizona Corporation Commission ("Commission") Utilities Division Staff ("Staff") filed memorandum and proposed order recommending approval of the 2015 REST Plan dated December 1, 2014. Grand Canyon State Electric Cooperative, Inc. ("GCSECA") is statewide cooperative association in Arizona and hereby supports these exceptions filed by GCEC for the reasons stated in its exceptions and summarized below.

- GCEC has a limited REST plan budget to support up-front incentives.
- Experience with the leased model has shown that very little up-front cost is required by the home owner to purchase a leased system.
- GCEC has therefore concluded that the limited funding available would be best utilized on the customer owned system model that requires a greater up-front investment on the part of the customer.

For all of these reasons discussed, GCEC and GCSECA disagree with Staff's assertion and respectfully request that the Commission modify the proposed order to incorporate the GCEC's request to exclude the leased system model from the incentive program as stated in GCEC's proposed amendment that was attached as Attachment 1.
