Page 17, line 8,

INSERT a new Finding of Fact as follows:

ORIGINAL

Although Tucson Electric Power Company is not proposing to fund incentives for rooftop solar PV systems as part of its 2015 REST plan, in recent Commission decisions regarding the 2015 REST plans of Sulfur Springs Valley Electric Cooperative and Graham County Electric Cooperative, the Commission has expressed concern with the continued extension of REST incentives to fund leased solar PV systems and approved requests to exclude leased solar PV systems from eligibility for incentives. The Commission believes it is appropriate to treat Tucson Electric Power Company the same way and order the exclusion of leased PV systems from eligibility for incentives under this and future REST plans until further order of the Commission.

INSERT a new Ordering Paragraph as follows:

IT IS FURTHER ORDERED that leased PV systems are excluded from eligibility for incentives under Tucson Electric Power Company's 2015 REST plan and all future REST plans until further order of the Commission.

Make all other conforming changes.
