AZ CORP COMMISSION  
DOCKET CONTROL

Dear Chairman and Commissioners:

My name is Sharon Maloley and I am a customer of Arizona Public Service. Most recently I had an energy star rated home performance energy audit and am excited of the findings that will save me financially as a consumer, which in these times I am looking for ways to save as I approach retirement in less than a year.

I write you to urge you to oppose any reopening or revisions to the Arizona's Energy Efficiency Standards.

These Standards are working to lower customer utility bills and to make Arizona an affordable place to live to the many retirees here in our state. In addition, I am employed by a company that is supported by these standards and it would impact me financially if I were to lose my job.

I am confident you will do the right thing for Arizona and our state's economic development.

Please continue to support the Energy Efficiency Standards adopted in 2010.

Thank You,

Sharon Maloley
